Remediation Report (Mandate Rates)

When previous year high school graduates apply for admission as degree-seekers, they take Florida's Postsecondary Education Readiness Test (P.E.R.T.) required by the State of Florida, or they present an ACT or SAT score. These test scores place the student into either developmental education or college-level courses in English, reading, or mathematics. The developmental education course may be at the first or second level; generally, the first level is for up to ninth grade work, while the second level is for tenth- to twelfth-grade work. Remediation rates are computed for previous year high school graduates (PYHSGs) who are first-time-in-college degree seekers. Placement levels for previous year high school graduates from Orange County schools are shown below.
