

## Satisfactory Academic Progress (SAP) Worksheet

In order to be eligible for financial aid (grants, loans, etc); all students must maintain Satisfactory Academic Progress (SAP). If a student does not maintain SAP, he or she will be placed on Financial Aid Warning and will be given one term to restore her/his performance to satisfactory standards. If, at the end of that term, the student's performance still does not meet the SAP standards, he or she will be placed on Financial Aid suspension and will not be eligible for financial aid. If this occurs, a student may submit a SAP Appeal Form to the Answer Center/First Stop if he or she has mitigating circumstances. If you answer **no to one or more questions** you are not making satisfactory academic progress and you are not eligible for financial aid. You may appeal your suspension if you have mitigating circumstances which attributed to you not meeting the minimum SAP requirements.
