2030 Strategic Impact Plan: Goal Areas

Career Credentials Goal

By 2030, Valencia College students will earn 12,000 high-quality workforce credentials each year. These credentials will include A.S., B.A.S., and B.S. degree completions, accelerated skills training and postsecondary adult vocational certificate (PSAV) completions, and qualifying technical certificate completions. To move toward parity in educational attainment and factoring in expected changes in demographics, we would expect at least 50% of these credentials to be awarded to Hispanic students and at least 25% to be awarded to Black students.
