2324-020 GRA 2108C Design Studio, CCA.....Kristy Pennino

Purpose: This course is currently being offered as a Selected Topics course and will be offered for the 3rd consecutive semester this Fall. Additionally, this course involves a lab component, which the Selected Topics format doesn't allow for. We are suggesting a course number that aligns with a Practicum (because the course involves real clients/projects and because the course can be substituted for the internship requirement), however, are flexible with what the state recommends as a course number. The course description for this CCA was slightly modified from the original outline to take into consideration the comments made by the voting faculty/dean; **Credit/Contact/Lab Hours:** 3/4/2; **Prerequisites:** Minimum grade of C in either GRA 1206C or GRA 2133C; **Co-requisites:** None; **Catalog Course Description:** This course provides students with practical graphic and interactive design projects for internal and external clients.
