Valencia College
Leadership Academy Student Focus Groups – Summer 2012

**Note: This guide is only for facilitators and recorders (not for participants)**

A print version of this document will be provided on Friday and it contains:

1. This overview
2. The Discussion Guide
3. The Participant Details Handout to be handed out at the end (copies will be provided)
4. A template for the write up of notes afterwards
5. A template with the six questions and probe to use if it is helpful in the discussion

**Facilitator – Primary Role:** Introduce the purpose (i.e. program improvement – document aspects of the student experience), set the ground rules (i.e. comments will not be linked to student names), guide the conversation to cover the topic areas – delve deeper as appropriate (using questions like: “Tell me more about ….” “What might be an example of that…” “If another student were to ask you about x, what would you tell them…?”) Take notes as possible but maintain eye contact as clearly as possible.

**Recorder – Primary Role:** Listen, take notes including non-verbals and changes in tone – like sarcasm or humor – facilitators may not be able to capture that level of detail, at the very end ask any unanswered questions or question regarding unexplored ideas at the invitation of the facilitator (we will not have time to break, confer, and reconvene the students.)

**Afterwards:** Send notes to facilitator (e-mail) by Tuesday if possible. (If time permits discuss / debrief after the session.) All will receive a copy of the final report to see the results and next steps from our work together.

**Background of Participants:** Students at Valencia College that have self-identified for this Academy and have completed 3 of the 4 components of the program, after being engaged in 3 days of activities including a community service project and structured leadership and personal development curriculum through presentations, projects and lunches.

**Research Questions:**

1) How is the Leadership Academy experience described by students?
2) Do the themes* of the Leadership Academy surface in their group conversations?
3) How are the themes and their related vocabulary or ideas evident in the discussion?
4) What has been the impact of the Academy – as reported by students?

* Leadership, Career Development, Personal Development.
