The New Student Experience Student Learning Outcomes

Programmatic Student Measures for Valencia’s QEP will focus on new student learning and engagement as a result of curricular and co-curricular experiences built around the “6 P’s” of the New Student Experience. These measures will be considered in light of quantitative and qualitative research on the new student experience.

The following 6 P’s were developed by faculty and staff members:

- **Purpose**: Students will create a personal purpose statement that outlines and articulates their values, goals, interests, and strengths in relation to their educational and career aspirations,

- **Pathway**: Students will choose an academic program aligned with their educational/career goals, interests, strengths, and values,

- **Plan**: Students will design an education plan that include goals for learning and a financial plan,

- **Preparation**: Students will apply college success skills,

- **Personal Connection**: Students will demonstrate effective communication skills with diverse groups, and

- **Place**: Students will demonstrate awareness of college support systems.
