**You are now ready to begin. Follow directions below.**

**Website: *imathas.valenciacollege.edu***

**Below is the screen shot of the IMathAS page you should see after sign-in.**

**To begin working CLICK on the course name.**

What to expect after you pick one of the 6 Modules below.

1. You will have a few 10-question reviews within each module.
2. You will have unlimited tries and if you miss a question you will get a SIMILAR problem. So keep trying until you obtain a perfect score of 100%.
3. Need help? Check out the instructional videos OR go to a math help area on your campus.
4. Upon obtaining a perfect score of 100%, pick another review to work on.

Module 1: Whole Numbers

Module 2: Integers

Module 3: Fractions

Module 4: Decimals and Percents

Module 5: Perimeter and Area Applications

Module 6: PreAlgebra
