John Crossman
Fernando Perez

Guillermo Hansen
Commencement marks a great achievement for all who are graduating. We ask that you honor these graduates and ensure that everyone can hear by remaining quiet throughout the entire ceremony and silencing all cell phones. Your cooperation is appreciated.

Graduates are recognized in order of seating arrangement rather than alphabetical order.

Please note that there is a few seconds delay between the announcement of a graduate’s name and his or her appearance on the video screen.

Leaving a Legacy – Class of 2014

Support future students by making a donation to the Valencia Graduating Class Gift 2014. For details and to donate online, visit valenciacollege.edu/alumni/classgift.

*  The audience stands.
** The audience is requested to remain seated until the graduate and faculty recessional has left the arena.
May 3, 2014

Dear Valencia Graduate:

Today, we celebrate you and your actualization of the Valencia dream. On behalf of the Valencia College Alumni Association, we congratulate you on a significant milestone in your educational pursuit – your graduation. We commend you for your academic, co-curricular, and personal achievements while attending Valencia College. As a graduate of Valencia College, you should find great pride that you have received an education from one of the finest educational institutions in the nation and the inaugural winner of the Aspen Prize for Community College Excellence.

Today, you are taking the next step in your Valencia journey by joining over 100,000 alumni from across the world as you continue your life’s pursuits and reach other achievements. We invite you to keep the relationship you have established with Valencia alive by being active with the Valencia College Alumni Association. Maintaining this unique bond with our alumni, like you and me, has been what Valencia honors and cherishes most. Through your continued involvement in Alumni Association programs and activities, you will not only be able to give back to the college but also to be a part of its future. Thanks to the community and our alumni membership, we continue to create and strengthen many wonderful and diverse opportunities for our students.

Through your free membership in the Alumni Association you will benefit by receiving many opportunities such as: information regarding future plans for Valencia, leadership and networking opportunities, national discounts, cultural events, career information, a subscription to Vitae – Valencia’s award-winning alumni magazine – and updates on your former classmates.

We wish you the best in all of your future endeavors and look forward to hearing about all of your accomplishments! Again, congratulations to you and to the Class of 2014 graduates who are celebrating their achievements today.

Welcome to your new journey and welcome to the Valencia Alumni Association.

Yours in scholarship, friendship and service,

Zia-ur-Rehman Ansari ’10
Executive Vice President
Valencia Alumni Association
Angel Sanchez keeps a tiny sliver of paper – from a fortune cookie – pasted in his photo album. “Don’t be hasty,” it reads, “prosperity will knock on your door soon.”

Angel Sanchez embraced that message because it reminds him that his journey is one of many small steps. And from the time he was sent to prison at age 16, he has been plotting, one step at a time, how to rebuild a life that many people would have deemed hopeless.

Sent to prison at age 16 for gang-related violence in Miami, Angel Sanchez served 12 years behind bars.

And, while many prisoners lift weights and count the days till release, Angel set about reshaping his life. He earned his GED in prison and then took correspondence courses in paralegal studies. That led to a job in the prison law library, where he helped other prisoners research their appeals. And it was there, in the prison law library, that he happened to be reading USA Today when he spotted a two-page spread on USA Today’s All-American Community College Academic Team.

They were all “second-chance people” – people like me, he thought. That, Angel vowed, would be his next goal: To attend a community college and make the All-Academic team.

After he got released from prison, Angel resisted the urge to return to Miami – where he felt certain he’d fall back into the gang lifestyle. Instead, he boarded a bus to Orlando, the first step in a lonely journey. Here, he didn’t know anyone, but got a cot at the Salvation Army. That was his new home.

Until he found Valencia College.

Aiming for a degree in paralegal studies, Sanchez quickly made straight As and the President’s List. He landed a work-study job in the financial aid department and, thanks to his grades, was invited to join Valencia’s Seneff Honors College. Before long, Angel developed a large contingent of supporters, friends and faculty members.

“I like to say that by becoming homeless, I found a home,” says Sanchez.

That would have been enough for many. But it wasn’t enough for Sanchez.

He mentored youngsters at the Coalition for the Homeless shelter and invited other honors students to join him. On nights when he left campus late, he often stayed at the downtown bus station while she waited for her transfer to another bus. And when the wife of Vice President Joe Biden visited Valencia College last year, Angel stood up – and challenged all the nation’s colleges to help homeless students in the same ways that Valencia had helped him.

Now, Angel, 31, is honored to be this year’s Distinguished Graduate. And the young man who once dreamed of becoming a paralegal has set his sights higher.

As a winner of a Jack Kent Cooke Transfer Scholarship – which awards up to $30,000 per year to each of approximately 85 deserving students selected annually – many doors are now open to Sanchez. Although he loves Orlando and is applying to UCF’s Burnett Honors College, he has also applied to Yale University’s Eli Whitney Program, Columbia University and the University of Chicago.

Prosperity, it appears, is knocking on his door.

“I have met many people who were just as bright as me, who worked as hard as me, but who didn’t succeed because they didn’t meet the right people,” says Sanchez. “I look back and see individuals inside institutions – Valencia, the Salvation Army – who vouched for me. They tried to change a cookie-cutter system to make it a system that looks at people, case-by-case.”

Now, he says, “I have an obligation to pay it forward.”
Members of the Board of Trustees are appointed by the governor of Florida to direct the college’s policies. These community leaders extend their time, experience and dedication to make Valencia the successful learning institution it has become today. We recognize their good work in making this day possible for so many of our students.
VALENCIA COLLEGE

Valencia College is an innovative leader in higher education with a national reputation for teaching excellence. The college places the highest value on the success of each individual student. In an ongoing effort to be responsive to the community, Valencia builds relationships with high schools, universities and corporate partners to strengthen academic scholarship and economic development.

Valencia is truly a part of the community, meeting diverse educational needs at six campuses and centers, and dozens of business and community sites in Orange and Osceola counties. Valencia’s newest campus, Lake Nona, opened in 2012.

From its beginning in 1967, the college has met the ongoing challenge of keeping pace with the dynamic growth of the community and has continued, in an ever-changing environment, to fulfill its mission. As an educational leader, the college provides an “open-door” comprehensive postsecondary education.

The college fulfills its mission by offering degrees that provide for transfer to a university or for immediate entry into a career. Valencia also offers continuing professional education to thousands of residents who recognize the value of lifelong learning.

The faculty and staff who bring these educational experiences to Central Floridians are scholars as well as practical experts in their fields. They are caring people who put their energies into instruction and their emphasis on the success of individual students.

Ninety-six percent of Valencia’s Associate in Science degree graduates are placed in jobs in their chosen field. Valencia’s graduates are UCF’s number one source of transfer students, and make up one-quarter of their graduates.

In 2011, Valencia College was named the inaugural winner of the Aspen Prize as the top community college in the nation for 2011-2012. The Aspen Institute, a Washington educational- and policy-studies center, selected Valencia for this prestigious award based on an overall graduation rate nearly three times that of other colleges, as well as the high job placement rates of its workforce training programs. According to U.S. Department of Education data, Valencia ranks fourth among the nation’s 1,200 two-year colleges in the number of associate degrees awarded and fifth in the number awarded to Hispanics. A 2012 study found that Valencia boosts the economy of Orange and Osceola counties by $1.05 billion a year.

DEGREES AT VALENCIA

Students at Valencia can earn an Associate in Arts (A.A.) degree which enables them to transfer to bachelor’s degree-granting colleges and universities in almost any major field of study. Valencia’s LifeMap system provides information, online planning tools, and personal assistance to help students select the appropriate courses so that their credits will transfer, tailored to the prerequisites for their intended major, and ensuring a smooth transition to a four-year college or university.

For those interested in a more direct path to the workplace, Valencia offers Associate in Applied Science (A.A.S.), Associate in Science (A.S.) degrees, and certificate programs which prepare graduates for immediate employment. Over 100 A.A.S./A.S. degree and certificate programs are available in business, healthcare, public service, graphic design, digital media, entertainment technology, engineering technology, hospitality and culinary, information technology and veterinary technology. The college, assisted by its program advisory committees, continually monitors the area’s workforce needs, developing and modifying programs to keep in step with local demand.

Valencia began offering bachelor’s degree programs starting in the fall 2011 term. Students on a specific career track can transfer into programs that lead to a Bachelor of Science in Radiologic and Imaging Sciences, a Bachelor of Science in Electrical and Computer Engineering Technology, or a Bachelor of Science in Cardiopulmonary Sciences.
The Valencia Honors Program was established in 1988 to provide unique learning opportunities to students from diverse backgrounds. During its history, the Valencia Honors Program has become known as one of the exemplary two-year programs in the nation. In June of 2008, the CNL Charitable Foundation and the Valencia Foundation established an endowment fund to support educational opportunities at the college; in fall of 2012, the Valencia Honors Program was renamed the James M. and Dayle L. Seneff Honors College.

The vision of the Honors College is to discover potential in students and inspire excellence. Admission of candidates into the James M. and Dayle L. Seneff Honors College is a consideration of a student’s potential beyond simply a test score or grade point average. All highly-motivated students who desire to make the most of their Valencia experience are encouraged to apply. The honors curriculum is structured to provide purpose and meaning for students and faculty in the Seneff community. Students may choose one of four focuses for their honors study: leadership, undergraduate research, interdisciplinary studies, or Jeffersonian/general education.

Honors classes at Valencia emphasize individual, original, and experiential learning opportunities. In addition, students have the chance to study abroad, engage in community service, participate in cutting-edge research, travel to professional conferences, assume leadership roles, and much more. Most students in the James M. and Dayle L. Seneff Honors College receive full tuition scholarships while at Valencia, and many receive transfer scholarships when they graduate. Honors students are ensured a voice in the governance and direction of the program through the Honors Student Advisory Committee. The program is guided by an advisory board consisting of college faculty, administrators, and students.

A student who completes one of the four tracks (a minimum of 23 hours of honors coursework plus 60 hours of co-curricular activity) with a 3.5 grade point average graduates as a Seneff Honors College Scholar and will wear a blue stole and medallion during commencement. A student who completes 18 hours of honors coursework plus 30 hours of co-curricular activity with a 3.33 grade point average graduates as a Valencia Honors Scholar and wears a blue stole and honor cord. And a student who completes 12 hours of honors coursework with a 3.25 grade point average is awarded an Honors Certificate and wears a blue stole.

ACADEMIC DRESS

The history of academic dress dates back to the early days of the European universities. It can be traced to both ecclesiastical and civilian sources.

Gowns are usually black, but some colleges and universities use colors. The gown for the bachelor’s degree has pointed sleeves and is designed to be worn closed. The gown for the master’s degree has oblong sleeves, open at the wrist with the base hanging down in the traditional manner. It may be worn open or closed. The gown for the doctoral degree has bell-shaped sleeves, velvet panels down the front and velvet chevrons on the sleeves. It may be worn open or closed.

Hoods are black and lined with the official colors of the college or university conferring the degree. The edging of the hood is velvet and distinctive to the subject to which the degree pertains.

For all academic purposes, including trimmings of doctoral gowns, edging of hoods, and tassels of caps, the colors associated with the different disciplines are as follows: agriculture–maize; arts, letters, humanities–white; commerce, accountancy, business–drab; dentistry–lilac; economics–copper; education–light blue; engineering–orange; fine arts, including architecture–brown; forestry–russet; journalism–crimson; law–purple; library science–lemon; medicine–green; music–pink; nursing–apricot; speech–silver gray; pharmacy–olive green; philosophy–dark blue; physical education–sage green; public administration–peacock blue; public health–salmon pink; science–golden yellow; social work–citron; theology–scarlet; and veterinary science–gray. Caps are usually square mortarboards, although some colleges and universities prefer the round cap or soft tam.

Members of governing bodies of academic institutions may wear doctoral gowns.

At Valencia College the president wears the official gold medallion of the college seal. Charter faculty members wear a smaller gold medallion. Faculty, professional staff and administrators who served the college ten or more years may wear a pewter medallion. Faculty who earned tenure from 2006 on may wear a pewter medallion. Valencia College Foundation Endowed Chairs for Learning Leadership Distinguished Professors and Scholars are identified by gold fourrageres. National Institute for Staff and Organizational Development (NISOD) Excellence Award recipients may wear the circular NISOD medallion. The League for Innovation in Community Colleges’ John and Suanne Roueche Excellence Award recipients may wear the Circular Roueche Award medallion.

ACADEMIC ACHIEVEMENT RECOGNITION

Students with red tassels have a cumulative grade point average of 3.75 or higher, not including the current term, and are commended for their outstanding achievement.

An asterisk (*) denotes students who, at the time of printing, had earned a cumulative grade point average of 3.75 or higher, not including the current term.

Students graduating from the James M. and Dayle Seneff Honors College wear blue honors stoles, some also wear medallions and cords, depending on their graduation achievement.

Members of Phi Theta Kappa (ΦθΚ), the international honor society for two-year colleges, may wear the gold Phi Theta Kappa stole, medallion, tassel and cord.

Members of Lambda Epsilon Chi (LEX), the national honor society in Paralegal/Legal Assistant Studies, may wear the purple Lambda Epsilon Chi stole.

Students graduating with 40 hours of service-learning credit wear a bronze medallion, students graduating with 60 hours of service-learning wear a silver medallion, and students graduating with 100 hours of service-learning wear a gold medallion.

LEADERSHIP RECOGNITION

Members of Phi Beta Lambda (ΦΒΛ), the national organization for college business students, may wear the gold Phi Beta Lambda stole.

Members of Student Government Association may wear the silver SGA stole.

Members of the Student Leader Team may wear red cords.

Graduates who are international students may wear stoles representing their country.

Members of student clubs and organizations may wear stoles representing their respective clubs and organizations.
