

Kaltura Media Mashup Tool in Blackboard

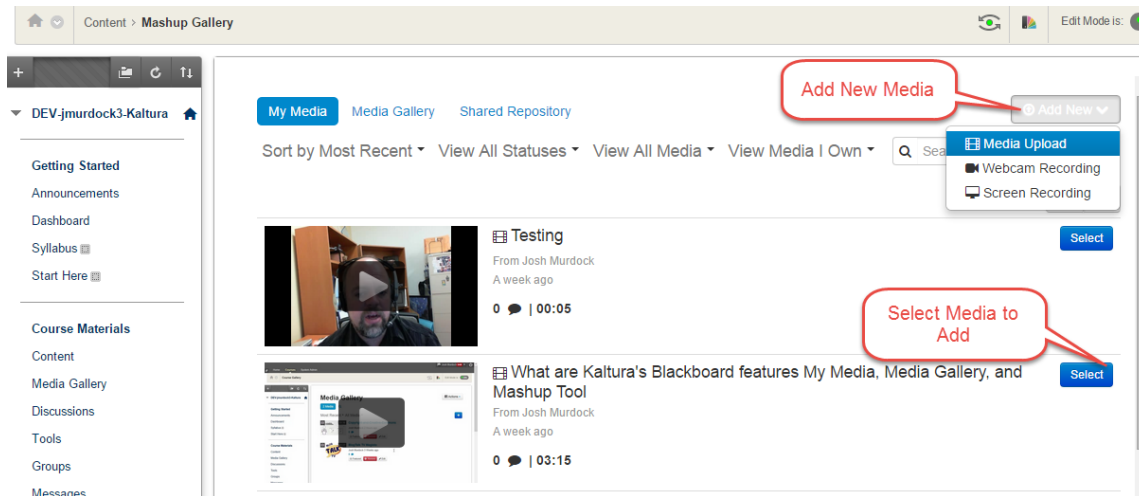

The Kaltura Media Mashup tool is available in anywhere you can build content or access the text edit. You can access this tool in a content area by going to Build Content > Mashups > Kaltura Media.

You can access the Kaltura Media Mashup tool in any place a text editor exist in Blackboard. This includes students being able to access it inside various areas with text editors, such as discussions, assignments, journals, blog, and tests.

Select the media you would like to add from your My Media or Media Gallery or add new media.

Adding New Media: Upload Media by choosing a file to upload

Upload Media

[+ Choose a file to upload](#)

All common video, audio and image formats in all resolutions are accepted. For best results with video, we recommend preparing videos in 1280x720 pixels and using the H.264 video codec at about 4000 kb/s.

Description

Once you add the media, it will be embedded into the content for user to click to watch the media.

The screenshot displays the Blackboard Content tool interface. On the left is a navigation sidebar with sections: 'Getting Started' (Announcements, Dashboard, Syllabus, Start Here), 'Course Materials' (Content, Media Gallery, Discussions, Tools, Groups, Messages), and 'Resources' (My Grades). The main content area is titled 'Content' and has a sub-header with 'Build Content', 'Assessments', 'Tools', and 'Partner Content' menus. Two media items are listed:

- What are Kaltura's Blackboard features**: Includes a video thumbnail and a 'Watch Media' button.
- Adding a Mashup**: Includes a video thumbnail, a 'Watch Media' button, and a metadata block:
 - Name:** What are Kaltura's Blackboard features My Media, Media Gallery, and Mashup Tool [03:15]
 - Duration:** 03:15
 - Added:** 09 Oct 2015 01:14 PM
