	Plan
1. Goal -principal purpose of plan (include how this relates to serving students or increasing student success or supporting LifeMap)	Strengthen ongoing area partnerships and relationships with school districts, non-profit agencies, cities and colleges. Collaborate with them to identify good practices and programs that would be opportunities for seeking grant funding
2. Objectives -what will be accomplished and measured	Maximize the synergy between departments and community organizations and establish on-going trust between key stakeholders in Central Florida education by serving on Boards, implanting communication plans to partners and encouraging participation in transition programs and events
3. Measures and Findings – How specifically measures will be conducted. How will we know the objective has been achieved?	Measure partner participation in programs and events offered by College Transition departments.
4. Action Plan – what is the implementation plan?	Serve on boards and committees and communicate regularly with current area partners.
5. Achievement Summary/Analysis - What was learned from the assessment results? What changes will you make in your initiative for the year to come?	Both counties faced significant staffing changes this year, however, new contacts were established and positive relationships emerged. I served on the board for the Foundation for Orange County Public Schools, asking Dr. Plinske to take my place on the Osceola Foundation. We continued to maintain contact with all of our area partners, sending them newsletters about various campus activities and updates about topics of interest.
