Nursing

Associate in Science Degree
(A.S. to B.S. Career Path)
Limited-Access

This program is designed for students who are seeking employment as registered nurses.

Graduates of this program are eligible to take the National Council Licensure Exam (NCLEX-RN), which measures the competencies needed to perform safely and effectively as a newly licensed, entry level nurse registered nurses. According to the laws governing state licensure, any candidate who has been arrested or convicted of any offense other than minor traffic violations will be required to petition the State Board of Nursing where they will take the NCLEX-RN licensure exam for permission to sit for the licensing exam. Completion of the nursing program does not ensure permission to sit for the licensing exam. Graduates of this traditional A.S. program may transfer to any Florida public college or university to complete a B.S.N (Bachelor of Science in Nursing) Program. Students wishing to transfer any credits from this program to another institution must accept responsibility for securing approval from the transfer institution.

This program has been coordinated with local healthcare agencies, the State Department of Education and the State Board of Nursing and is accredited by the Accreditation Commission for Education in Nursing (ACEN) 3343 Peachtree Road N.E., Suite 850, Atlanta, GA. 30326.

The Nursing Programs at Valencia College are a limited-access program. Admission to Valencia College does not imply acceptance to the Nursing Program; students must apply and be accepted to the program. General admission procedures for this program are found in the Admissions section of this catalog. The Division of Nursing provides information about specific admission criteria. Estimated program expenses are given in the financial section of this catalog.

Admission requirements that must be satisfied prior to submitting an application to the A.S. Degree Program in Nursing, Generic Track are:

• Submit a completed Valencia Application for Admission; satisfy the requirements for Degree-Seeking Status and be in active student status
• Satisfy the college entry testing requirements and satisfactorily complete all mandatory courses in reading, student success, mathematics, English, and English for Academic Purposes in which you are placed
• Satisfactorily complete the general admission requirements for Health Sciences programs in the Admissions section of this catalog

Applicants must have a minimum overall college GPA of 3.0 (including transfer coursework)

Complete the following prerequisites with a minimum combined GPA of 3.0 (and a minimum grade of C):

• Satisfy all of the entrance requirements (including admission examinations) for Health Sciences/Nursing programs
• Submit the completed Valencia Nursing Program application with the application fee
Valencia/UCF Concurrent Program

This program provides a unique dual enrollment opportunity allowing students to seek the ASN from Valencia and the BSN from UCF simultaneously. Applicants must first meet the admission requirements for the Valencia traditional AS option. Then, they must meet the additional UCF concurrent program requirements. For more information, please visit UCF’s College of Nursing website http://nursing.ucf.edu/.

Potential Careers

- Registered Nurse

Salary & Earnings Information

Contacts

Health Sciences Program Advisor, West Campus: HealthScienceAdvising@valenciacollege.edu (healthscienceadvising@valenciacollege.edu) or 407-582-1288.

Total Credit Hours:  72.0

+  This course must be completed with a grade of C or better.
*  This course has a prerequisite; check description in Valencia catalog.
~  This is a general education course.

Notes:
All accepted applicants are required to submit applications through Valencia for a criminal background check and drug testing. Applicants for Valencia’s Health Sciences Programs must be free of offenses that would disqualify them from a student clinical experience in a healthcare setting and must have their civil rights intact. This policy is in response to requirements by clinical agencies and state/federal regulations.

All specialized program courses are offered on the West Campus; some are offered at the Osceola Campus.

Specialized courses may not be offered every session or on every campus.
Valencia College
2015-2016 Program Guide for the Associate in Science Degree in Nursing, Traditional Track

Admission requirements are subject to change. Please check for any admission updates: valenciacollege.edu/west/health/admissionupdates.cfm

Application Deadlines:
Please check valenciacollege.edu/health, Apps & Deadlines, Nursing, Traditional

The Nursing, Traditional Track Program at Valencia is a limited access program based upon available seats. Students will be admitted into the Nursing, Traditional Track Program on a first-come, first-served basis once all admission requirements have been satisfied. (Please see admission checklist below.) The Traditional Nursing Program admits for Fall, Spring and Summer terms.

The admission requirements that MUST be satisfied PRIOR to submitting an application for the Traditional Nursing Program are:

1. Read about the Nursing, Traditional Track admission and program requirements at valenciacollege.edu/health and the Valencia Catalog http://valenciacollege.edu/catalog/; read this program guide in its entirety and confirm you are capable of meeting the Core Performance Standards listed within this guide.

2. Be a U.S. Citizen or a U.S. permanent resident.

3. Attend a Health Sciences Information Session (strongly recommended). Information session dates: valenciacollege.edu/health.

4. Submit a completed Valencia Application for Admission via Valencia’s website at http://valenciacollege.edu/, click on Future Students, Admissions, and pay the application fee; satisfy the requirements for Degree-Seeking Status, including submission of all official transcripts, and be in Active Student Status.

5. Satisfy the Valencia entry testing requirements and satisfactorily complete any mandatory courses in reading, New Student Experience, mathematics, English and English for Academic Purposes in which you are placed (must be at college-level for reading, mathematics, and English). For more information about Mandatory Courses: http://catalog.valenciacollege.edu/entrytestingplacementmandatorycourses/mandatorycourses/

6. Complete the following science prerequisites with a minimum combined GPA of 3.0 (and a minimum grade of C):
   - BSC 2093C Anatomy and Physiology I
   - BSC 2094C Anatomy and Physiology II
   - MCB 2010C Microbiology

7. Complete the following prerequisites with a minimum combined GPA of 3.0 (and a minimum grade of C):
   - PSY 2012 General Psychology
   - DEP 2004 Developmental Psychology
   - ENC 1101 Freshman Composition
   - *HUN 2202 Essentials of Nutrition with Diet Therapy
   - **Any course that meets the General Education Humanities requirement

Continued on next page.
*HUN2202 - Students who have completed a college Nutrition course of two or more credits (e.g. HUN 1201) that did not include Diet Therapy may request permission in the Health Sciences Advising Office (email HealthScienceAdvising@valenciacollege.edu) to complete the one-credit HUN 2015 Diet Therapy for Health Care Professionals, which must be successfully completed prior to applying to the program.

**Humanities requirement subject to change. Please check http://valenciacollege.edu/west/health/admissionupdates.cfm for the most updated information.

The grade for each prerequisite must be posted to your Valencia transcript (prior to application).

8. Have a minimum overall college GPA of 3.0, including all undergraduate transfer coursework.

9. Successfully complete the designated entrance exam, Test of Essential Academic Skills (TEAS) Version 5 or later version, with scores posted to your Valencia record (exam requirement subject to change). Paper copies of scores are NOT accepted. The examination fee is the responsibility of the student. Information about the TEAS-V or later versions may be found at http://valenciacollege.edu/assessments/.

10. After completing Numbers 1 – 9, submit a completed Valencia Nursing, Traditional Track Program application via Atlas and pay the $15 non-refundable Health Sciences program application fee. The online application can be found via Atlas (Login to Atlas, Click on Students tab, under Student forms, Applications, Health Sciences Online Applications, then Nursing, Traditional).

Estimated program costs can be found at: http://valenciacollege.edu/west/health/AdmissionUpdates.cfm

GUIDELINES for ALL HEALTH SCIENCE LIMITED ACCESS PROGRAMS
(EXCEPT THE BACHELOR DEGREE PROGRAMS and ADVANCED TECHNICAL CERTIFICATES)

Valencia’s Health Sciences programs are offered through the Divisions of Allied Health and Nursing, which provide information about specific admission criteria for the programs. The Health Sciences Program Guides, of which this is one, are developed for a specific academic year (August to July) and, as a rule, changes to admission and program requirements become effective at the start of an academic year; however, Valencia College reserves the right to make changes in admission and program requirements as circumstances require. If a mid-year change becomes necessary, it will be indicated in the information for the specific program at http://valenciacollege.edu/west/health/AdmissionUpdates.cfm.

Students interested in a health sciences career are encouraged to explore the many challenging and rewarding opportunities available in health sciences professions. Valencia offers eight health sciences programs which lead to an A.S. degree. They are the Cardiovascular Technology, Dental Hygiene, Diagnostic Medical Sonography, Emergency Medical Services Technology (including EMT and Paramedic technical certificates), Health Information Technology, Nursing (R.N.), Radiography, and Respiratory Care. Admission to these programs is limited because of clinical facilities and staff.

Students whose official records indicate they are seeking admission to a limited access Associate in Science (A.S.) health sciences program will have the health sciences program designated as their secondary major and the Associate in Arts (A.A.) Degree designated as their primary major in order to maximize their educational opportunities. If the student has already earned a Bachelor’s or A.A. degree, the student will not have A.A. designated as a primary major.

Most programs have an application deadline, but some do not. If a program application deadline falls on Saturday, Sunday or a Valencia holiday, the deadline will become the following Valencia business day. Health Sciences program applications are available at valenciacollege.edu/health. Program applications received after the deadline date will not be considered for the identified term. Students who are not accepted will need to reapply for a future term.
Students interested in any health sciences program must be a U.S. citizen or a U.S. permanent resident, and must complete the Valencia Application for Admission and the application for the specific health sciences program. Admission to Valencia does not imply acceptance to the health sciences program.

Students may apply to more than one limited access Health Science program; however, enrollment is limited to only one Health Sciences program in a term. A new program application is required if reapplying for admission. Having previously earned a college degree does not grant an advantage in admission to a Health Sciences program that does not require a degree for admission nor does it exempt students from taking the Test of Essential Academic Skills (TEAS) if the TEAS is required for admission to the program.

All communication from Valencia relative to program admission will be via your Atlas e-mail address. Written communication you initiate with Valencia staff should also be via your Atlas e-mail account and should include your full name and your Valencia ID number.

BACKGROUND CHECK, DRUG TESTING, IMMUNIZATIONS AND CPR CERTIFICATION

The Health Sciences programs include student clinical rotations in external affiliate health care facilities with which Valencia has agreements for student clinical assignments. The affiliates’ policies require that students serving in a clinical rotation be cleared of offenses that would disqualify them from participating in student clinical assignments. Thus, all students conditionally* accepted to a Health Sciences program are required to submit to a criminal background check, fingerprinting and drug testing as well as provide documentation of specific immunizations and CPR certification following acceptance to a program. The timeframe for meeting these requirements will be provided in the Orientation information that will be sent to the student upon acceptance through ATLAS email.

*If you have a positive background check, fingerprint or drug screening, you may be denied enrollment in a Health Sciences program due to the inability to participate in a student clinical assignment. If you have concerns regarding known background issues, it is recommended that you email questions to hscompliance@valenciacollege.edu.

MANDATORY ORIENTATION

The mandatory program Orientation for accepted students usually is held four to six weeks prior to the program start date. Once accepted to a program, students will receive an email via ATLAS regarding the Orientation date, requirements and deadlines. The Orientation materials will give the student information regarding the processes for completing background checks, fingerprinting, drug screening, and other requirements through CertifiedBackground.com.

TRANSPORTATION TO CLINICAL SITES

If accepted to a program, students will be responsible for furnishing transportation to the community and/or hospital facilities used by Valencia for clinical practice.

Valencia is an Equal Opportunity Institution.
NURSING CORE PERFORMANCE STANDARDS FOR ADMISSION AND PROGRESSION

Nursing is a practice discipline with cognitive, sensory, affective, and psychomotor performance requirements. Based on these requirements, the following list of "Core Performance Standards" has been developed. Each standard has an example of an activity or activities, that a student will be required to perform while enrolled in the Nursing Program. These standards are a part of each Nursing course and of the professional role expectation of a Nurse.

For the purpose of the Nursing Program, a “qualified individual with a disability is one who, with or without reasonable accommodations or modifications, meets the essential eligibility requirements for participation in the program." The Division of Nursing at Valencia makes no preadmission inquiries concerning an applicant’s disability status. Information related to an applicant’s disabilities is not a part of the information reviewed by the Admission Committee.

These Performance Standards should be used to assist students in determining whether accommodations or modifications are necessary for the student to meet program requirements. A student who identifies potential difficulties with meeting the Performance Standards should communicate his/her concerns to an advisor in the Office for Students with Disabilities. The student has the responsibility to identify and document the disability and to request reasonable and appropriate adjustments. Determination is made on an individual basis as to whether any accommodations or modifications can be reasonably made.

## CORE PERFORMANCE STANDARDS FOR ADMISSION AND PROGRESSION

<table>
<thead>
<tr>
<th>ISSUE</th>
<th>STANDARD</th>
<th>EXAMPLES OF REQUIRED ACTIVITIES (NOT ALL INCLUSIVE)</th>
</tr>
</thead>
</table>
| Critical Thinking| Critical Thinking ability sufficient for safe clinical judgment.         | * Identify cause-effect relationships in clinical situations.  
* Evaluate assessment data to ascertain appropriate measures that are of diagnostic value.  
* Practice positive problem solving and coping skills when faced with adversity.  
* Assess patient’s condition and needs from a distance of at least 20 feet.  
* Based on assessment data; initiate proper emergency care protocols, including notification of Rapid Response team, initiating CPR. |
| Interpersonal    | Interpersonal abilities sufficient to interact with individuals, families and groups from a variety of social, emotional, cultural, and intellectual backgrounds. | * Establish rapport with patients, families, and colleagues.  
* Display compassion, empathy and concern for others.  
* Work collaboratively with other healthcare providers in stressful situations.  
* Cope with anger/fear/hostility of others in a calm way.  
* Handle multiple priorities in stressful situations.  
* Concentrate and focus attention |
| Communication    | Communication abilities sufficient for interaction with others in verbal and written form. | * Communicate in English to the patient in order to: converse, explain treatment procedures, initiate health teaching, relieve anxiety, gain their cooperation, document and interpret nursing care actions and patient responses.  
* Speak with other members of the health care team utilizing effective verbal communication skills.  
* Read and cognitively comprehend written materials, the patient’s medical record and/or physician’s orders.  
* Write using a legible and concise documentation style which is readable and in the English language including documentation in electronic medical record.  
* Skill in the use of personal computers and general office software. |
| Mobility         | Physical abilities sufficient to move from room to room and maneuver in small spaces. | * Move around in patient’s rooms, work spaces and treatment areas.  
* Assist all patients, according to individual needs and abilities, in moving, twisting, turning, kneeling, bending and maintaining balance in administering nursing care and procedures.  
* Able to lift and or support at least 25 lbs in order to reposition, transfer, and ambulate patients safely.  
* Able to push/pull over 100 lbs such as pushing stretchers, beds, wheelchairs and other transportation device without injury to self, patient, or others. |
| Motor Skills     | Gross and fine motor abilities sufficient to provide safe and effective care. | * Accurately able to draw up medications without contaminating the syringe/needle.  
* Calibrate and use equipment.  
* Position patient as necessary for nursing care or procedures. |
| Hearing          | Auditory abilities sufficient to monitor and assess patient needs, and to provide a safe environment. | * Hear a patient talk in a normal tone from a distance of 20 feet.  
* Hears monitor alarms, emergency signals, cries for help and overhead pages.  
* Hears sounds that indicate changes in patient’s physiological condition (i.e. breath sounds, blood pressure, apical pulse). |
| Visual           | Visual ability sufficient for observation and assessment necessary in the operation of equipment and care of patients. | * Observe the patient in order to assess the patient’s condition and responses to nursing care and procedures.  
* Has ability for frequent use of far vision (clarity of vision at 20 feet or more), near vision (clarity of vision at 20 inches or less), color vision, depth perception, and seeing fine details. |
| Tactile          | Tactile ability sufficient for patient assessment and operation of equipment. | * Frequently perform simple grasping, firm grasping, fine manipulation, to perform nursing skills such as insertion of foley catheter, insertions of IV’s  
* Perform palpation, tactile assessment, functions of physical examination and/or those related to therapeutic intervention (i.e. changes in skin temperature, edema, etc.). |
