Each spring, advocates for the higher education success of the nation’s youngest and largest ethnic population group gather to shape and promote an agenda for Congress and the country at the annual HACU Capitol Forum. Leaders of HACU member and partner colleges and universities join public policymakers, key federal agency leaders, allied organizations, corporate, community and philanthropic representatives at what has become a powerful national platform for winning public- and private-sector support for Hispanic higher education. Key to these strategic forums are annual Visits to Capitol Hill, which allow leaders in the Hispanic higher education community to interact directly with key members of the House and Senate</p>	<p>\$10,000.00</p>	<p>No</p>

The goal is to provide career counseling and skills training (including language courses) for the unemployed or underemployed parents of the students participating in the Horizon Scholars Program (HSP). As in the previous year, this program pairs Valencia College with Jobs Partnership to provide educational opportunities for an overlooked audience: HSP parents. Parents will have the option to participate in language courses offered by Continuing Education, complete the 12-week LifeWorks course through Job Partnerships, enroll in a CE vocational program, or any combination based on individual needs.</p>	<p>\$10,000.00</p>	<p>No</p>

In the original project, Professors Lake and Montione prepared student discussion leaders as required by the grant. The project plan for new funding broadens the outcomes, training Humanities faculty to lead ongoing and sustained discussions during their existing courses. Selected from Greek and Roman Humanities, Introduction to Humanities, Mythology, or Twentieth Century Humanities, ten professors will be trained as discussion leaders in one of four different lessons focusing on veteran issues and experiences. Participating faculty will receive professional development credit. The highly impactful public events from the first award will be repeated.</p>	<p>\$91,517.00</p>	<p>No</p>

The broad goal of this project is to scale a cross-institutional and multi-dimensional course-based undergraduate research experience to improve undergraduate STEM education. There are seven institutions involved in this project. Anitza San Miguel will serve as lead on this project for Valencia, and will be named a Co-PI. UF will provide a sub-award of \$30,000 over three years. In year 1 of the grant, UF and Hillsborough Community College will develop modules for faculty to use in their General Biology, Microbiology, and/or Introduction to Biotechnology courses. Valencia's work would start in year 2 of the grant. Valencia will recruit approximately 100 students to obtain saliva samples for DNA sequencing and analysis. Students will also need to complete two brief surveys related to nutrition and depression.</p>	<p>\$30,000</p>	<p>No</p>
