Inclusivity and Collaboration

- **Our Goal:** To ensure that East Campus remains a diverse and inclusive campus.
- **What We Found:** Given the role that college access and completion play in improving opportunities for people of color - and other historically underrepresented groups - there is a growing focus on improving educational opportunities for all students in higher education.
- **Action:** Collaborate with Registered Student Organizations to establish a community of sharing through SGA general meeting “open forums” and ICC “workshops”.
- **Our Why:** Students who feel included have a higher probability of staying in school.

SGA as an Advocate

- **Our Goal:** Create an environment where Valencia Students feel like their voices/problems are heard and taken care of.
- **What We Found:** Attachment to school plays a vital role in the success or failure of college students. Many researchers identified attachment to school as contributing to student academic achievement.
- **Action:**
 - Make SGA more visible
 - Utilize our Engage Platform
- **Our Why:** Students who feel attached to their school perform better academically.
