# Student Feedback Survey

## Highlights From the Survey:

- More than 90% of survey respondents rated the availability of academic resources as 'good' to 'excellent,' reflecting strong satisfaction with the resources provided
- Student satisfaction with the accessibility of food on campus has increased dramatically since the Spring semester, indicating significant improvement in meeting the needs of the campus community
- Survey respondents expressed a strong desire to become more involved in on campus activities, signaling increased interest in student engagement and participation

## Top student priorities of importance:

- Campus Safety
- Quality of academic programs
