# Goals

- Career Tours
- Community Outreach
- Legislative Issues

# Career Tours

- Take students to the field of study in order to explore their career options.
  - Places could include Lockheed Martin, Nemours Children's Hospital, Chamber of Commerce, etc.

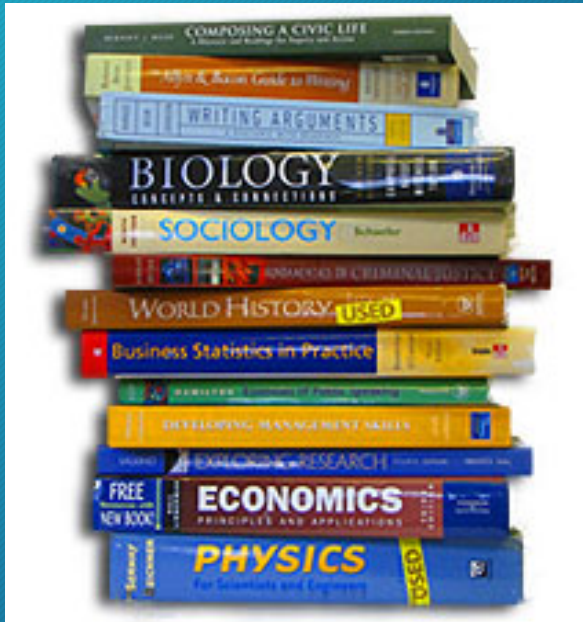

# Central Avenue Elementary School

- Central Avenue has one of the lowest performing rates in the county with 40% of students passing reading and 30% passing math as opposed to the county's 55% and 52%. Compared with the state's 59% and 59% respectively, the school ranks even lower.

# “Axe the Tax”

- To initiate the passage of legislation that would remove taxes from college textbooks for students in the state of Florida.
- Impact: Many of our students work multiple jobs to make a living and the cost of attending college would be reduced if taxes on textbooks are removed.

Thank You! 😊
