

Learning Support Services on the West Campus

*The West Campus Division
of Learning Support
collaboratively provides
resources, curriculum, and
instruction within the
Valencia community to
develop lifelong learners.*

West Campus Math Center

- The Math Center provides resources for all math students to receive assistance in the Tutoring Center, Supplemental Learning room, Open Lab, Math Connections and Hands On Learning
- The Supplemental Learning room is used by student leaders to hold SL sessions and supports 58 sections on a 46 section budget
- The Open Lab supports all developmental math students with their lab assignments serving 2,079 enrolled students on a weekly basis
- Hands-on Learning assists students in “touch & see” math by using manipulatives such as graph boards, algebra tiles, flash cards and integer tiles
- Math Connections is a learning community helping students with their homework and study skills
- Spring 2015 students served to date:
 - Open Lab, Hands on Learning,
Math Connections: 16,779 logins
 - Supplemental Learning: 459 visits

West Campus Communications Center

- The Open Lab is professionally staffed and offers assistance to students in English for Academic Purposes (EAP), Reading, Speech, and English courses
- The Video Speech room allows students to record and upload speeches and presentations
- The Writing Center provides professional writing consultations for all currently enrolled Valencia students and includes one-on-one assistance with reading, writing, grammar, and speech
- The Mobile Writing Center is located in the library for on-the-spot assistance

Fall 2013-Summer 2014:

- Open Lab: 44,934 logins
- Open Lab: 31,258 unique student users
- Writing Center Consultations: 7294
- Mobile Writing Center Consultations: 543
- The Writing Center assisted students from 127 different classes

Tutoring

- Walk-in appointments for mathematics
- Regularly scheduled options for small group tutoring in a variety of subjects:
 - Anatomy and Physiology, Biology, Chemistry and Organic Chemistry, French, Spanish, Portuguese, U.S. Government, Accounting, Economics, Physics, Allied Health, and Network Engineering

In 2013-14, there were over 24,000 single sign-ins at the Center

- **Smarthinking** expands tutoring services into the online environment. In 2013-14, nearly 6,000 online sessions occurred

West Campus Library

- Interlibrary loan access to over 183,000 print volumes and 41,000 downloadable e-books
- 100's of electronic databases available 24/7
- Online help for students (Ask-A-Librarian)
- Librarian liaisons providing customized resources for faculty
- iPad and tablet loan program

Nearly 300,000 computer logins occurred in the library over the 2013-2014 academic year

West Campus Computer Access Lab

- Diverse space that addresses technology needs of students
- Classroom space for unit/project instruction
- Student collaboration spaces
- Social media initiatives
