

# Spring 2015 Enrollment Report

Valencia College  
District Board of Trustees  
February 25, 2015

# Report Summary

---

- This Registration report provides the number of students enrolled (headcount) and credits enrolled (FTE = full time equivalent) for Spring term 2015; for the college overall and by campus. It also shows a comparison to Spring term 2014. The campus student headcount totals to more than the collegewide overall headcount because some students attend classes on more than one campus in the same term.
- The Financial Aid report provides a comparison between last year (13-14) and this year (14-15) at this time, of the number of students on financial aid and the amount of financial aid disbursed to students (overall and by financial aid category).
- The Student Characteristics report provides information about students enrolled in Spring 2015 including student status (new/returning/high school grads), age, race/ethnicity, and degree intent. It also indicates any changes in these characteristics compared to Spring 2014 term students.
