<p>Name of Project: FL DOE Carl D. Perkins Career & Technical Education 2017-2018</p> <p>Accountable Administrators: Susan Ledlow</p> <p>Project Directors: Nasser Hedayat and Anjela Madison</p> <p>Campus Department: College Wide</p> <p>Funding Category: Federal</p> <p>Funding Source: Department of Education</p> <p>Date Application Submitted: 4/28/2017</p>	<p>Florida’s Perkins IV State Plan will be extended through 2017-2018 under the existing federal authorization, pending reauthorization. The broad goal of this project is to develop more fully the academic and career/technical skills of postsecondary education students who elect to enroll in career and technical education programs. The significant impact of this project is that it will support four performance measures: (1) student attainment of state-established academic and technical skill proficiencies; (2) student attainment of a postsecondary degree or credential; (3) student retention, completion, and placement; and (4) student participation and completion of programs that lead to nontraditional training and employment. This proposal is innovative because Valencia supports personnel and equipment costs to provide students with the support needed to succeed in a technical field of study aligned with current industry employment needs.</p>	<p>\$2,595,234</p>	<p>NA</p>
