

The Power to Serve:

Valencia's Five-Year Impact Plan

Our aspiration is that in 5 years...

- Citizens in Central Florida are
 - Better Educated
 - More Prosperous
 - Safer, Healthier, and Happier

We are better educated because...

- College is more affordable
- There is more access to both online and face to face programs, degrees and certificates
- It is easier for students to move quickly and seamlessly all the way through the educational ecosystem to UCF

We are more prosperous because...

- There are more jobs provided by the new companies that relocate to Central Florida
- There are many more opportunities to receive accelerated training that moves (unemployed, underemployed, and underrepresented) people up the ladder from entry level jobs
- Central Florida has an entrepreneurial culture

We are safer, healthier, and happier because...

- There is an adequate workforce of highly trained individuals in both the public safety and private security sectors
- People have greater access to health services and information
- All people live in thriving communities

Our aspiration is that in 5 Years...

- *All* of us have a better quality of life
