

Learning Outcomes: Radiography

❖ **Radiography, Degree**

- Perform entry level skills competently as described by the scope of practice for radiography.
- Perform effective communication skills within the healthcare environment.
- Provide a safe environment in the healthcare setting.
- Practice professional behaviors in the healthcare setting.
- Execute safe clinical decision making in medical imaging.

❖ **Computed Tomography (CT), Advanced Technical Certificate**

- Perform entry level skills competently as described by the scope of practice for computed tomography.
- Perform effective communication skills within the healthcare environment.
- Provide a safe environment in the healthcare setting.
- Practice professional behaviors in the healthcare setting.
- Execute safe clinical decision making in medical imaging.

❖ **Magnetic Resonance Imaging (MRI), Advanced Technical Certificate**

- Perform entry level skills competently as described by the scope of practice for magnetic resonance imaging.
- Perform effective communication skills within the healthcare environment.
- Provide a safe environment in the healthcare setting.
- Practice professional behaviors in the healthcare setting.
- Execute safe clinical decision making in medical imaging.
