

Title: CLSCH0109

Purpose: Written in 2010 by LR for Liz and Bliss

Description: This report returns international students with issues in their record. Please see the error codes in the Definitions below. If the critical_only prompt is set to **Y**, then only students with error codes **1** (student not a Non-Resident Alien), **2** (student is a FL resident), or **16** (I-20 Certification Number missing) are output. If the critical_only prompt is set to **N**, then students with any of the 21 error codes are output. The **Site** variable allows the user to specify campus: **1** for West, **2** for East, **6** for Osceola

The fields listed in the report are:

Prompts Required:

Critical Only	If Y only students with error codes 1, 2, or 16 are output; if N then students with any error code are output. Please see the Description above
Enter Site	1 for West Campus, 2 for East, 6 for Osceola
