EDUCATIONAL PROGRAM

Valencia's faculty and staff who have responsibility for the supervision and coordination of the Computer Programming and Analysis program have assessed the adequacy of the documentation and determined that the learning outcomes, performance standards, and assessment procedures of the certification meet the college standards for college credit course work and that the learning outcomes are consistent with the course work in the A.S. Degree or Technical Certificate programs being articulated.

AWARD OF CREDIT PROCESS

The transferring student requesting credit must furnish a copy of the Oracle Certified Java Associate Programmer award certificate. To have the courses reported on the official Valencia College transcript, students must:

1. Meet regular College entrance requirements.
2. Complete the College Application and pay the College Admission Fee.
3. Be accepted into Valencia within three years of earning the Oracle Certified Java Associate Programmer Certification.
4. Declare a major in the Computer Programming and Analysis A.S. degree or Technical Certificate programs.
5. Comply with the appropriate placement, course prerequisites and requirements of the college.
6. Successfully complete course work with a "C" or better at Valencia while currently enrolled on either a part-time or full-time basis for one academic term to have the credit awarded on the official college transcript.
7. The Dean of Information Technology and the Program Director for Information Technology, on the related campus at Valencia, will evaluate the student's record (certification), determine the eligibility and notify the Registrar's Office of acceptable credit to be transferred and awarded.
