**MAXIMUM AWARD OF CREDIT**

This agreement makes it possible for a student to receive 6 - 12 semester hours of college credit for the CISCO CCNA Certification towards the Network Engineering Technology A.S. Degree or Technical Certificate programs at Valencia College which is in accordance with commonly accepted good practice in higher education.

**EDUCATIONAL PROGRAM**

Valencia's faculty and staff who have responsibility for the supervision and coordination of the Network Engineering Technology program have assessed the adequacy of the documentation and determined that the learning outcomes, performance standards, and assessment procedures of the examination meet the college standards for college credit course work and that the learning outcomes are consistent with the course work in the A.S. Degree program being articulated.

**AWARD OF CREDIT PROCESS**

The transferring student requesting credit must furnish a copy of the CISCO CCNA award certificate from CISCO Systems, Inc. To have the courses reported on the official Valencia College transcript, students must:

1. Meet regular College entrance requirements.
2. Complete the College Application and pay the College Admission Fee.
3. Be accepted into Valencia within three years of earning the CISCO CCNA Certification.
4. Declare a major in the Network Engineering Technology A.S. degree program.
5. Comply with the appropriate placement, course prerequisites and requirements of the college.
6. Successfully complete course work with a "C" or better at Valencia while currently enrolled on either a part-time or full-time basis for one academic term to have the credit awarded on the official college transcript.
7. The Dean of Engineering, Computer Programming and Technology and the Program Chair for Network Engineering Technology, West Campus, at Valencia, will evaluate the student's record (certification), determine the eligibility and notify the Registrar's Office of acceptable credit to be transferred and awarded.

**TERMS OF AGREEMENT**

This agreement applies to students who have earned the CISCO CCNA Certification through CISCO Systems, Inc. The agreement will be reviewed as needed and it shall remain in effect until either party identifies a need for revision.
