

Associate in Science Degree in Radiography Care Admission Guide

Catalog Year 2025-2026

The Radiography Program at Valencia College is a Limited-Access program. This guide outlines the admissions process, including program course requirements, application requirements, and the next steps after applying. The Radiography Program equips students with the skills and experience needed to succeed as a Radiologic Technologist.

Admission Update

Course Requirement Changes (Effective Fall 2025)

Beginning Fall 2025, CGS 1060C - Introduction to Computers- will no longer be a graduation requirement. Please review the admission points below.

Application Deadline:

Application Open	Application Close	Program Start Term
January 1 st , 2026	January 31 st , 2026	Summer 2026
Admission is Once Per Year		

Radiography Care Program Location:

Campus Location	Available Seats
West Campus	25

Complete Before Applying

Item	Details
Program Requirements	Confirm you meet all the program requirements outlined in this guide, including prerequisite classes, required minimum GPA, and ATI TEAS scores.
Valencia College General Admission	<p style="text-align: center;">Complete ALL the steps outlined in the Steps to Enrollment</p> <p>Applying to Valencia College (This is the General Admission Application and not the secondary Allied Health Application)</p> <p>Submit transcripts: Submit high school and college transcripts from all institutions attended. Transcripts must be posted to your Valencia record before applying. Students using AP/IB/CLEP scores for prerequisites must request official scores from collegeboard.org (AP/CLEP) or ibo.org (IB). <i>* Transfer students who are not considered “first-time in college” do not need to submit a high school transcript.</i></p> <p>Placement Testing: Meet Valencia College entry testing requirements</p> <p>Student Success Coach: Meet with a Student Success Coach to ensure you’ve met all requirements.</p>
Confirm Eligibility	<p>You must be a U.S. Citizen, U.S. Permanent Resident, or International Student.</p> <p><i>*International Students:</i> In addition to the required background check for clinical compliance (post-acceptance), a second background check from your home country is required. For concerns regarding this requirement, contact the Health Sciences Compliance Office.</p> <p><i>*Individuals with DACA, Temporary Protection Status, Refugee, or Asylee status must complete the Employment Authorization Document (EAD) before applying.</i></p>
Age Requirement	Must be 18 or older by the <u>start</u> date of all Health Sciences Programs
Allied Health Info Session	Virtual or in-person information sessions are held each term to discuss the program requirements.
Core Performance Standards	Review the Core Performance Standards Requirement
Transfer Courses	Transfer courses may need to be reviewed for potential course substitution or equivalency. This must be completed <u>before</u> submitting the prog application. Transfer courses with ‘S’ or ‘P’ grades need to be reviewed for eligibility by the Health Sciences team

Program Course Requirement

The following points system is used to select eligible students. Student selection is based on the total number of points earned, overall GPA, and ATI TEAS Scores. All prerequisite courses must be completed by the application deadline with a grade of “C” or better. You may not repeat a course for grade forgiveness for which you previously earned a grade of A, B or C.

Minimum Overall GPA Requirement: 2.5

Minimum ATI TEAS Requirement: Composite Score of 58.7%

*If ATI TEAS was taken outside of the [Valencia College Assessment Center](#), you must request official exam scores from [ATI TEAS](#) and then complete the ATI [Matching Request form](#).

Program Course Prerequisites			
The following courses are required to be eligible for selection			
Course	Title	CR	Points
BSC 2085C or BSC 2093C	Human Anatomy & Physiology I	4	A=10, B=8, C=6
BSC 2086C or BSC 2094C	Human Anatomy & Physiology II	4	A=10, B=8, C=6
MAC 1105	College Algebra	3	A=3, B=2, C=1
HSC 1531	Medical Terminology	3	A=3, B=2, C=1
Additional Points – Required for Graduation			
The following courses are required for graduation . Completion of these courses with a minimum grade of C prior to the application deadline will result in additional admission points to be a competitive applicant			
ENC 1101	Freshman Composition I	3	A=3, B=2, C=1
Humanities	Core Humanities	3	A=3, B=2, C=1
PSY 2012	General Psychology	3	A=3, B=2, C=1
POS 2041, AMH 2020, AMH 2010 (AMH 2010 completed fall 2024 and beyond)	Civic Literacy	3	A=3, B=2, C=1
Florida Civic Literacy Exam	Earn a passing score (60%)	1	
Additional Points – Not Required for Graduation			
The following courses are not required for graduation . Completion of these courses with a minimum grade of C prior to the application deadline will result in additional admission points to be a competitive applicant.			
HSC 1004 OR SLS 1122	Introduction to Health Professions OR New Student Experience	3	A=3, B=2, C=1
PHY 1007C	Physics with Medical Application	4	A=3, B=2, C=1
Alternate	Previous year applicants identified as Alternate	3	
CGS 1060C -OR- CG2100C	Introduction to Computers (if completed before fall 2025. This is effective until summer 2026.)	3	A=3, B=2, C=1
Total Possible Points			51

How to Apply to the Radiography Program

Steps to Apply	Description
Submit a <u>Secondary Radiography Application</u> .	1. Submit a General Valencia College Application. (This must be completed first. (<i>Active students <u>are not required</u> to submit a General Admission Application.</i>) 2. Submit a Radiography <u>Application</u>
Valencia Student Status	Your Valencia College Student Status must be “active” before submitting a secondary Health Sciences Program application
Log In to the Application	Use your MyVC username and password. You must complete the entire application.
Submit the Application	Pay the \$15 non-refundable application fee. The application is <u>NOT</u> complete until payment is received.

What Happens After You Apply

Application Review Process: The application reviews will occur over 4-6 weeks after the closing deadline. Admissions are based on a competitive points system.

Application Notification: Your application decision will be sent to your MyVC email. You must monitor your email for updates. You will receive one of the following responses below:

Response Type

Response Type	Description
Selected	Accepted into the Program. Must confirm acceptance
Alternate	May be offered a seat if one becomes available
Not Selected	Met program eligibility requirements, but not competitive for selection
Ineligible	Did not meet program eligibility requirements

Requirements If Selected for Admission

Mandatory Radiography Orientation: All accepted and alternate students must attend the Mandatory Radiography Orientation, which is held before the program begins.

Orientation Dates

Term Begins	Orientation Date
Summer 2026	March 2026

Clinical Compliance Requirements

Compliance requirements and deadlines will be discussed during Orientation. Students who are accepted into a Health Sciences Program must submit the items listed below:

Item	Description
Background Check	Level II Background Check
Drug Screening	10 Panel Drug Screening
Fingerprints	To ensure students meet clinical requirements
CPR Certification	American Heart Association (AHA) Basic Life Support (BLS) CPR Certification
Required Vaccinations	<ol style="list-style-type: none"> 1. COVID-19 or Exemption Form 2. Hepatitis B series or signed Declination Form 3. Influenza (Flu)* 4. MMR (Measles, Mumps, Rubella) 5. Tdap (Tetanus, Diphtheria, Pertussis) 6. Tuberculosis (TB) screening or chest X-ray* 7. Varicella (Chickenpox) or proof of immunity <p>* Required Annually</p>

CORE PERFORMANCE STANDARDS FOR ADMISSION AND PROGRESSION

The Radiography Program is a practice discipline with cognitive, sensory, affective, and psychomotor performance requirements. Based on these requirements, the following list of "Core Performance Standards" has been developed. Each standard has an example of an activity, or activities, that a student will be required to perform while enrolled in the Radiography Program. These standards are a part of each Radiography course and of the professional role.

For the Radiography Program, a qualified individual with a disability is one who, with or without reasonable accommodations or modifications, meets the essential eligibility requirements for participation in the program. Valencia College: School of Health Sciences makes no preadmission inquiries concerning an applicant's disability status. Information related to an applicant's disabilities is not a part of the information reviewed by the Admission Committee.

These Performance Standards should be used to assist students in identifying the academic and clinical expectations for all students. Students needing reasonable accommodations to fulfill required program outcomes or clinical expectations are encouraged to contact the [Office for Students with Disabilities](#) to engage in an interactive process regarding their request. It is the student's responsibility to notify and register with the Office for Students with Disabilities to identify and receive reasonable accommodations. Reasonable accommodations are effective only after engaging in this process and are not retroactive. Determination is made on an individual basis as to whether any accommodations or modifications can be reasonably made. [Valencia is an Equal Opportunity Institution](#).

Core Performance Standards		
Criteria	Standard	Examples Of Required Activities
Critical Thinking	Ability to make sound clinical judgments.	Analyze radiographs, select proper techniques, assess patient conditions, and respond to emergencies.
Interpersonal	Ability to interact respectfully and effectively with diverse individuals.	Build rapport, show empathy, work calmly in high-stress healthcare settings.
Communication	Effective verbal and written communication in English.	Explain procedures, understand patient concerns, document care, and read charts/orders accurately.
Mobility	Physical ability to navigate clinical environments safely.	Move and position patients, operate mobile equipment, and transport devices without injury.
Motor Skills	Fine and gross motor coordination for safe patient care and equipment use.	Position equipment, handle sterile materials, administer CPR, stand/walk for extended periods.
Hearing	Adequate hearing to ensure patient safety.	Detect normal speech, alarms, and calls for help from across a room.
