

## 2020-2021 Program Guide for the Associate in Science Degree in Radiography

**Application Deadline: January 15, 2021 for Summer 2021**

Admission requirements are subject to change. Please [check](#) for any admission updates.

Students are admitted to Valencia's Radiography Program by a selective admission process. The Health Sciences Admission Committee selects a limited number of students once per year to begin the program in the Summer term.

### ADMISSION CHECKLIST

The admission requirements that **MUST** be satisfied **PRIOR** to submitting an application to the Radiography Program are:

- \_\_\_\_\_ 1. Read about Radiography admission and program requirements at [valenciacollege.edu/health](http://valenciacollege.edu/health) and the Valencia Catalog <http://valenciacollege.edu/catalog/>; read this program guide in its entirety and confirm you are capable of meeting the Core Performance Standards listed within this guide.
- \_\_\_\_\_ 2. Be a U.S. Citizen, a U.S. permanent resident or an International Student.  
**International Students:** F-1, J-1, and all other non-immigrant visa types eligible to enroll in degree-seeking programs, must complete their background check, fingerprinting, drug testing, immunizations and CPR certification at least **six months** in advance of the anticipated start term. Contact the Health Sciences Compliance Office to begin the compliance process and background check at email: [HSCompliance@valenciacollege.edu](mailto:HSCompliance@valenciacollege.edu).  
NOTE: All individuals who have DACA, Temporary Protection Status, Refugee, Asylee status, etc. must complete the Employment Authorization Permit (EAP) prior to submitting application. (Two valid IDs required to sit for Board Exam; Social Security documentation is required to be licensed).
- \_\_\_\_\_ 3. Attend a Health Sciences Information Session (**strongly recommended**). Information Session dates are posted on the Health Sciences website: [valenciacollege.edu/health](http://valenciacollege.edu/health).
- \_\_\_\_\_ 4. Submit a completed Valencia Application for Admission at <http://valenciacollege.edu/>, click on **Future Students, Admissions**, and pay the application fee; satisfy the requirements for Degree-Seeking Status, including submission of **all official transcripts** from all institutions (include High School transcripts or GED score report) must be submitted to Valencia and posted on your record, and be in Active Student Status
- \_\_\_\_\_ 5. Must be at least 18 years of age at the program start.
- \_\_\_\_\_ 6. Satisfy the Valencia entry testing requirements and satisfactorily complete any mandatory courses in Reading, Professions of Caring or New Student Experience, Mathematics, English and English for Academic Purposes in which you are placed (must be at college-level for Reading, Mathematics, and English). For more information about Mandatory Courses: <http://catalog.valenciacollege.edu/entrytestingplacementmandatorycourses/mandatorycourses/>
- \_\_\_\_\_ 7. Complete the prerequisites for admission with a minimum grade of "C":

**The grade for each course must be posted to your Valencia transcript.**

- **BSC 2093C Human Anatomy and Physiology I**
- **BSC 2094C Human Anatomy and Physiology II**
- **MAC 1105 College Algebra**
- **HSC 1531 Medical Terminology**

**To be competitive for admission, additional Science and General Education courses must be completed with high grades. See the point system that follows.**

- \_\_\_\_\_ 8. Have a minimum **overall college GPA of 2.5** including all undergraduate transfer work. Must be in good academic standing.  
NOTE: Transfer students with completed coursework at Valencia College also need to have a minimum institutional/Valencia GPA of 2.0 at the time of applying (in addition to the minimum overall college GPA of 2.5).
- \_\_\_\_\_ 9. Prior to submitting your program application, you are encouraged to meet with your assigned advisor. You can locate your assigned advisor by logging into Atlas, Courses tab, Academic Profile. We strongly recommend that you meet early in your course planning to ensure all requirements, including program pre-requisite courses mentioned in this guide are met.
- \_\_\_\_\_ 10. Complete successfully the ATI Test of Essential Academic Skills (TEAS) with scores posted to your Valencia Atlas account (paper copies of scores NOT accepted) of a minimum passing score of 58.7. Scores on record may be used for admission criteria if test dates are less than five year old at the time of the application deadline. The examination fee is the responsibility of the student. If ATI TEAS was taken at another institution, students must request scores sent from ATI to Valencia. Next, students are required to complete the ATI Matching Request form. More information about ATI TEAS may be found by visiting the Assessment Center webpage.
- \_\_\_\_\_ 11. After completing numbers 1 – 10 and prior to the application deadline, submit a Valencia Radiography Program application; pay the \$15 non-refundable Health Sciences program application fee, and submit any required documentation. The application can be found at [valenciacollege.edu/health](http://valenciacollege.edu/health) and must be received by Valencia College Business Office by the program deadline or it will be denied.

**Estimated program costs can be found at:** <http://valenciacollege.edu/west/health/AdmissionUpdates.cfm>

## **GUIDELINES for ALL HEALTH SCIENCE LIMITED ACCESS PROGRAMS (EXCEPT THE BACHELOR DEGREE PROGRAMS AND ADVANCED TECHNICAL CERTIFICATES)**

---

Valencia's Health Science programs are offered through the School of Allied Health and the School of Nursing, which provide information about specific admission criteria for the programs. The Health Sciences Program Guides, of which this is one, are developed for a specific academic year (August to July) and, as a rule, changes to admission and program requirements becoming effective at the start of an academic year. **Valencia College, however, reserves the right to make changes in admission and program requirements as circumstances require.** If a mid-year change becomes necessary, it will be indicated in the information for the specific program at: <http://valenciacollege.edu/west/health/AdmissionUpdates.cfm>.

Students interested in a health sciences career are encouraged to explore the many challenging and rewarding opportunities available in health professions. The health sciences programs may have clinical experiences that expose the student to blood borne pathogens via contact with bodily fluids including, but not limited to blood and saliva. Students accepted into these programs will be expected to adhere to Centers for Disease Control (CDC) guidelines for the use of Standard Precautions. The CDC defines standard precautions as "a set of precautions

designed to prevent the transmission of HIV, Hepatitis B virus (HBV), [and] other blood borne pathogens when providing first aid or health care.” Under standard precautions, blood and certain body fluids are considered potentially infectious for HIV, HBV, and other blood borne pathogens. Students will be expected to adhere to hand hygiene protocols and consistent use of personal protective equipment including masks, gloves and eyewear. In some of the health sciences programs, students may need to conduct peer-to-peer examinations in lab settings.

Valencia offers eight health sciences programs which lead to an A.S. degree. They are the Cardiovascular Technology, Dental Hygiene, Diagnostic Medical Sonography, Emergency Medical Services Technology (including EMT and Paramedic technical certificates), Health Information Technology (including Medical Information Coder/Biller technical certificates), Nursing (R.N.), Radiography, and Respiratory Care. Admission to these programs is limited because of clinical facilities and staff. Once you complete your A.S. degree in Radiography, you can continue at Valencia to earn your Bachelor’s degree in Radiologic and Imaging Sciences or a bachelor-level Advanced Technical Certificate (ATC) in Computed Tomography (CT), Echocardiography, Leadership in Healthcare, Magnetic Resonance Imaging (MRI) or Mammography. With additional education at the bachelor’s level and professional experience, you will enhance your skills and have more career options available.

Students whose official records indicate they are seeking admission to a limited access Associate in Science (A.S.) health sciences program will have the health sciences program designated as their secondary major and the Associate in Arts (A.A.) Degree designated as their primary major in order to maximize their educational opportunities. If the student has already earned a Bachelor’s or A.A. degree, the student will not have A.A. designated as a major.

#### **APPLICATION INFORMATION**

Most programs have an application deadline, but some do not. If a program application deadline falls on Saturday, Sunday or a Valencia holiday, the deadline will become the following Valencia business day. Health Sciences program applications are available at [valenciacollege.edu/west/health/AppDeadlines.cfm](http://valenciacollege.edu/west/health/AppDeadlines.cfm). Program applications received after the deadline date will not be considered for the identified term. Students who are not accepted will need to reapply for a future term.

Students must complete a Valencia application for admission and the application for the specific health sciences program. Admission to Valencia does not imply acceptance to the health sciences program.

Students may apply to more than one limited access Health Science program; however, enrollment is limited to only one Health Sciences program in a term. A new program application is required if reapplying for admission. Having previously earned a college degree does not grant an advantage in admission to a Health Sciences program that does not require a degree for admission nor does it exempt students from taking the ATI Test of Essential Academic Skills (TEAS) if the ATI TEAS is required for admission to the program.

All communication from Valencia relative to program admission will be sent via your **Atlas e-mail address**. Written communication you initiate with Valencia staff should also be via your Atlas e-mail account and should include your full name and your Valencia ID number.

#### **BACKGROUND CHECK, FINGERPRINTING, DRUG TESTING, IMMUNIZATIONS AND CPR CERTIFICATION**

The Health Sciences programs include student clinical rotations in external affiliate health care facilities with which Valencia has agreements for student clinical assignments. The affiliates’ policies require that students serving in a clinical rotation be cleared of offenses that would disqualify them from participating in student clinical assignments. Thus, all students **conditionally\* accepted** to a Health Sciences program are required to submit to a criminal background check, fingerprinting and drug testing as well as provide documentation of specific immunizations and American Heart Association (AHA) and Basic Life Support (BLS) CPR certification **following acceptance to a program**. The timeframe for meeting these requirements will be provided in the Orientation information that will be sent to the student upon acceptance through ATLAS email.

NOTE: Non-Immigrant visa holders must complete their background check, fingerprinting, drug testing, immunizations and CPR certification at least six months in advance of the anticipated start term.

Students may need to renew their background and drug testing requirements annually. Email the Compliance Department for more details at [HSCompliance@valenciacollege.edu](mailto:HSCompliance@valenciacollege.edu)

**\*If you have a positive background check, fingerprint or drug screening, you *may* be denied enrollment in a Health Sciences program due to the inability to participate in a student clinical assignment.** If you have concerns regarding known background issues, it is recommended that you email questions to [hscompliance@valenciacollege.edu](mailto:hscompliance@valenciacollege.edu).

#### **MANDATORY ORIENTATION**

The mandatory program Orientation for accepted students usually is held four to six weeks prior to the program start date. Once accepted to a program, students will receive an email via ATLAS regarding the Orientation date, requirements and deadlines. The Orientation materials will give the student information regarding the processes for completing background checks, fingerprinting, drug screening, and other requirements through CastleBranch.com.

#### **TRANSPORTATION TO CLINICAL SITES**

If accepted to a program, students will be responsible for furnishing transportation to the community and/or hospital facilities used by Valencia for clinical practice.

Valencia is an Equal Opportunity Institution: <http://valenciacollege.edu/HR/EqualAccessEqualOpportunity.cfm>

## RADIOGRAPHY ADMISSION POINTS GUIDE

The Health Sciences Admission Committee uses the following point system as a guide in the selection of the 25 qualified students to be admitted to the **Radiography Program**. Student selection is based on the total number of points earned below. In case of a tie, overall GPA and the Health Sciences entrance test score will be considered.

Note: If a student was previously accepted into a Health Sciences Program at Valencia College and subsequently deemed ineligible for return to the program, the selection committee has the right to contact the applicant's previous program. This information will be included in the consideration for program admission.

### PROGRAM COURSE REQUIREMENTS THAT AWARD POINTS TOWARD ADMISSION

*The first four courses are prerequisites that must be completed by the program application deadline.*

*You may not repeat a course for grade forgiveness for which you previously have earned a grade of A, B or C.*

<b>BSC 2093C</b>	<b>Human Anatomy &amp; Physiology I (Prerequisite Course)</b>	A=10 pts, B=8 pts, C=6 pts
<b>BSC 2094C</b>	<b>Human Anatomy &amp; Physiology II (Prerequisite Course)</b>	A=10 pts, B=8 pts, C=6 pts
<b>MAC 1105</b>	<b>College Algebra (Prerequisite Course)</b>	A=10 pts, B=8 pts, C=6 pts
<b>HSC 1531</b>	<b>Medical Terminology (Prerequisite Course)</b>	A=8 pts, B= 5pts, C=3pts
<b>The following courses are required for the degree and will result in more admission points if completed with a minimum grade of C prior to the application deadline.</b>		
<b>ENC 1101</b>	<b>Freshman Composition I</b>	A=3 pts, B=2 pts, C=1 pt
<b>CGS 1060C</b> <b>OR CGS 2100C</b>	<b>Introduction to Computers</b> <b>OR</b> <b>CGS 2100C Computer Fundamentals and Application</b>	A=3 pts, B=2 pts, C=1 pt
<b>PSY 2012</b>	<b>General Psychology</b>	A=3 pts, B=2 pts, C=1 pt
<b>Humanities</b>	<b>Any course that meets the <a href="#">General Education</a> Humanities requirement: Core or Institutional</b>	A=3 pts, B=2 pts, C=1 pt

Transfer courses may need to be reviewed by an Advisor for potential course substitution or equivalency. NOTE: courses taken at other institutions may not be equivalent to Valencia Allied Health Program course requirement, as listed in this guide. Course substitution or equivalency must be on your Valencia record before submitting program application. Course substitutions are only permitted when students have not previously earned a grade of A, B or C for the required course.

Please check <http://valenciacollege.edu/west/health/admissionupdates.cfm> for the most updated information.

### ADDITIONAL ADMISSION POINTS AWARDED (OPTIONAL)

<b>PHY 1007C</b>	<b>Physics with Medical Applications</b>	A=6 pts, B=4 pts, C=2 pts
<b>HSC 1004</b> <b>OR</b> <b>SLS1122</b>	<b>Professions of Caring</b> <b>-OR-</b> <b>New Student Experience</b>	A=5 pts, B=3 pts, C=1 pt  A=3 pts, B=2 pts, C=1 pt
<b>PHI 2600</b>	<b>Ethics and Critical Thinking</b> (can satisfy Humanities requirement)	A=3 pts, B=2 pts, C=1 pt
<b>Alternate</b>	<b>Previous year applicant selected as an Alternate</b>	<b>3 pts</b>

**Total Points = \_\_\_\_\_ Total Possible Points: 67**

**RADIOGRAPHY**  
**CORE PERFORMANCE STANDARDS FOR ADMISSION AND PROGRESSION**

ISSUE	STANDARD	EXAMPLES OF REQUIRED ACTIVITIES (NOT ALL INCLUSIVE)
Critical Thinking	Critical Thinking ability sufficient for safe clinical judgment.	<ul style="list-style-type: none"> <li>* Identify cause-effect relationships in clinical situations.</li> <li>* Evaluate radiographs to ascertain that they contain proper identification and are of diagnostic value.</li> <li>* Select exposure factors and accessory devices for all radiographic procedures with consideration of patient size, age, and extent of disease.</li> <li>* Assess patient's condition and needs from a distance of at least 20 feet.</li> <li>* Initiate proper emergency care protocols, including CPR, based on assessment data.</li> </ul>
Interpersonal	Interpersonal abilities sufficient to interact with individuals, families, and groups from a variety of social, emotional, cultural, and intellectual backgrounds.	<ul style="list-style-type: none"> <li>* Establish rapport with patients, families, and colleagues.</li> <li>* Display compassion, empathy and concern for others</li> <li>* Demonstrate a high degree of patience.</li> <li>* Work with other healthcare providers in stressful situations</li> </ul>
Communication	Communication abilities sufficient for interaction with others in verbal and written form.	<ul style="list-style-type: none"> <li>* Communicate verbally in English to the patient in order to: converse, instruct the patient, relieve anxiety, gain their cooperation during procedures, understand the patient when communicating symptoms of a medical emergency.</li> <li>* Read the patient's medical chart and/or physician's orders.</li> <li>* Legibly write patient history.</li> <li>* Documents own actions and patient responses as indicated.</li> </ul>
Mobility	Physical abilities sufficient to move from room to room and maneuver in small spaces.	<ul style="list-style-type: none"> <li>* Assist all patients, according to individual needs and abilities, in moving, turning, transferring from transportation devices to the x-ray table, etc.</li> <li>* Be able to push, pull, and lift 40 pounds.</li> <li>* Push a stretcher, wheelchair or other transportation device without injury to self, patient, or others.</li> <li>* Push a portable x-ray machine from one location to another, including turning corners, getting on and off of an elevator, and manipulating it in a patient's room.</li> </ul>
Motor Skills	Gross and fine motor abilities sufficient to provide safe and effective care.	<ul style="list-style-type: none"> <li>* Manually move the x-ray tube and position the tube at various angles at heights up to 7 feet.</li> <li>* Accurately draw up sterile contrast media and other solutions without contaminating the syringe and/or needle, etc.</li> <li>* Place cassettes in Bucky trays and spot film devices and properly manipulate all locks.</li> <li>* Physically be able to administer emergency care including performing CPR.</li> <li>* Be able to stand for periods as long as 2 hours wearing lead aprons and to walk a distance of 2 miles during a normal work day.</li> <li>* Input data into computer</li> </ul>
Hearing	Auditory abilities sufficient to monitor and assess patient needs, and to provide a safe environment.	<ul style="list-style-type: none"> <li>* Hear a patient talk in a normal tone from a distance of 20 feet.</li> <li>* Hear monitor alarm, emergency signals, and cries for help.</li> </ul>
Visual	Visual ability sufficient for observation and assessment necessary in the operation of equipment and care of patients.	<ul style="list-style-type: none"> <li>* Observe the patient in order to assess the patient's condition and/or needs from a distance of, at least, 20 feet.</li> <li>* Can see numbers, letters, calibrations, etc. of varying sizes located on equipment utilized by a radiographer.</li> </ul>

Tactile	Tactile ability sufficient for patient assessment and operation of equipment.	* Perform palpation, tactile assessment, and manipulation of body parts to insure proper body placement and alignment. * Manipulate dials, buttons, and switches.

**Sample Form of the Health and Physical Core Performance Requirements**

**RADIOGRAPHY  
CORE PERFORMANCE STANDARDS FOR ADMISSION AND PROGRESSION**

Radiography is a practice discipline with cognitive, sensory, affective, and psychomotor performance requirements. Based on these requirements, the above list of "Core Performance Standards" has been developed. Each standard has an example of an activity or activities, which a student will be required to perform while enrolled in the Radiography Program. These standards are a part of each Radiography course and of the professional role expectation of a Radiographer.

For the purpose of the Radiography Program, a “qualified individual with a disability is one who, with or without reasonable accommodations or modifications, meets the essential eligibility requirements for participation in the program.” The School of Allied Health at Valencia makes no preadmission inquiries concerning an applicant’s disability status. Information related to an applicant’s disabilities is not a part of the information reviewed by the Admission Committee.

These Performance Standards should be used to assist students in determining whether accommodations or modifications are necessary for the student to meet program requirements. A student who identifies potential difficulties with meeting the Performance Standards should communicate his/her concerns to an advisor in the Office for Students with Disabilities. The student has the responsibility to identify and document the disability and to request reasonable and appropriate adjustments. Determination is made on an individual basis as to whether any accommodations or modifications can be reasonably made.
