

2019-2020 Program Guide for the Associate in Science Degree in Nursing, Accelerated Track in Nursing (ATN)

Application Deadlines:

September 15th, 2019 for Spring 2020

January 15th, 2020 for Summer 2020

May 15th, 2020 for Fall 2020

Admission requirements are subject to change. Please [check](#) for any admission updates.

Students are admitted to the Valencia College, Accelerated Track in Nursing (ATN) by a selective admission process. The Health Sciences Admission Committee selects a limited number of students each term to start the program in the Fall, Spring and Summer terms.

ADMISSION CHECKLIST

The admission requirements that must be satisfied PRIOR to submitting an application to the Valencia College ATN Program are:

- _____1. Read about ATN admission and program requirements at valenciacollege.edu/health and the Valencia Catalog <http://valenciacollege.edu/catalog/>; read this program guide in its entirety and confirm you are capable of meeting the Core Performance Standards listed within this guide.
- _____2. Be a U.S. Citizen or a U.S. permanent resident.
- _____3. Attend a Health Sciences Information Session (**strongly recommended**). Information Session dates are posted on the Health Sciences website: valenciacollege.edu/health.
- _____4. Submit a completed Valencia Application for Admission at <http://valenciacollege.edu/>, click on **Future Students, Admissions**, and pay the application fee; satisfy the requirements for Degree-Seeking Status, including submission of **all official transcripts** from all institutions (include High School transcripts or GED score report) must be submitted to Valencia and posted on your record, and be in Active Student Status.
- _____5. Must be at least 18 years of age at program start.
- _____6. Satisfy the Valencia entry testing requirements and satisfactorily complete any mandatory courses in Reading, Professions of Caring or New Student Experience, Mathematics, English and English for Academic Purposes in which you are placed (must be at college-level for Reading, Mathematics, and English). For more information about Mandatory Courses: <http://catalog.valenciacollege.edu/entrytestingplacementmandatorycourses/mandatorycourses/>
- _____7. Complete, with a minimum grade of C, the Prerequisites for Admission:
 - BSC 2093C Human Anatomy and Physiology I
 - BSC 2094C Human Anatomy and Physiology II
 - MCB 2010C Microbiology
 - PSY 2012 General Psychology
 - DEP 2004 Developmental Psychology
 - ENC 1101 Freshman Composition
 - ***HUN 2202 Essentials of Nutrition with Diet Therapy**
 - **Humanities (See Gen. Ed. Core or Institutional Requirement)**

*HUN2202 - Students who have completed a college Nutrition course of two or more credits (e.g. HUN 1201) that did not include Diet Therapy may request permission in the Health Sciences Advising Office (email: HealthScienceApplications@valenciacollege.edu) to complete the one-credit HUN 2015 Diet Therapy for Health Care Professionals, which may be in progress at the time of program application, but must be completed with a minimum grade of C (or minimum grade needed to maintain 2.5 overall GPA) by the program start date. If taken, HUN 2015 and the initial Nutrition course will combine to substitute for HUN 2202, unless the student has already attempted the required HUN2202 course. Therefore, if a student has HUN2202 on his/her record, then HUN2015 with the initial nutrition course is not an option to meet program entry requirements.

- _____ 8. The grade for each prerequisite must be posted to your Valencia transcript (prior to application).
- _____ 9. Have a **minimum overall college GPA of 2.5** including all undergraduate transfer work for admission into the program. Must be in good academic standing.
NOTE: Transfer students with completed coursework at Valencia College also need to have a minimum Institutional/Valencia GPA of 2.0 at the time of applying (in addition to the minimum overall college GPA of 2.5).
- _____ 10. Prior to submitting your program application, you are encouraged to meet with your assigned advisor. You can locate your assigned advisor by logging into Atlas, Courses tab, Academic Profile. We strongly recommend that you meet early in your course planning to ensure all requirements, including program pre-requisite courses mentioned in this guide are met.
- _____ 11. Successfully complete the designated entrance exam, ATI Test of Essential Academic Skills (TEAS), with scores posted to your Valencia record (exam requirement subject to change) of a minimum passing score of 64.9. Paper copies of scores are NOT accepted. The examination fee is the responsibility of the student. Information and verification about the ATI TEAS may be found at <http://valenciacollege.edu/assessments/>. To verify scores are on file at Valencia, email the Assessment Office at: Assessment@valenciacollege.edu.
- _____ 12. **All applicants must provide:**
Documentation of a current Licensed Practical Nurse (LPN) in the State of Florida OR current certification in the State of Florida as a Paramedic OR Registered Respiratory Therapist (RRT) OR Registered Invasive Cardiovascular Technologist (i.e. RCIS, RCES, RCS, RVS). All students must maintain a valid license, certification, or registry while they are currently enrolled in the program.
- _____ 13. **All applicants must provide ONE of the following:**
 - a. Documentation of completion of an accredited LPN, Paramedic, RRT or CVT program (completion of program must be prior to application deadline and submission of official transcript is required).
 - b. If you hold a LPN license, but did not graduate from an LPN Program, contact the School of Nursing to determine eligibility.
- _____ 14. **All applicants (except LPNs) must provide ONE of the following in order to satisfy all Patient Care Competencies (detailed on the next page):**
 - a. Documentation verifying completion of Florida Board of Nursing approved Certified Nursing Assistant (CNA) program.
 - b. Documentation of valid Florida Board of Nursing CNA certification. See Florida Board of Nursing website for details: <http://floridasnursing.gov/>
 - c. Documentation verifying employment as a Certified Nursing Assistant, Advanced Clinical Technician, Patient Care Technician, or Clinical Nurse Technician, within the last 5 years
 - d. Submission of the Supervisor Assessment of Patient Care Role Form. To initiate this process, you must provide a letter from your supervisor on company letterhead, including dates of employment, specific job title, and supervisor's email address. The form will be submitted by your supervisor to the following email address: HealthScienceApplications@valenciacollege.edu.
 - e. Documentation verifying military experience delivering direct patient care in an acute care facility within the last 5 years.

- _____ 15. **All applicants (except Paramedics) must provide:**
Documentation of satisfactory completion of an intravenous therapy course that meets Florida Board of Nursing Rules as outlined in Chapter 64B9-12.005: Administration of Intravenous Therapy. (Must be 30+ hours from the State of Florida)
- _____ 16. Review valenciacollege.edu/west/health/admissionupdates.cfm for any admission updates **before** submitting the ATN application.
- _____ 17. After completing numbers 1 – 16 and prior to the program application deadline, submit a completed Valencia Nursing, Accelerated Track Program application, pay the \$15 non-refundable Health Sciences program application fee, and submit any required documentation. The application can be found at valenciacollege.edu/health and must be received by Valencia College Business Office by the program deadline or it will be denied.

Estimated program costs can be found at: <http://valenciacollege.edu/west/health/AdmissionUpdates.cfm>

Accelerated Track in Nursing (ATN) Admission Points Guide

The Health Sciences Admission Committee uses the following point system to guide them in the selection of the 40 qualified students to be admitted to the Accelerated Track in Nursing Program each term. Student selection is based on the total number of points earned below. In case of a tie, overall GPA and the Health Sciences entrance test score will be considered.

OVERALL GPA ADMISSION POINTS AWARDED

Overall GPA	Points
2.50 – 2.85	1
2.86 – 3.00	2
3.01 – 3.20	3
3.21 – 3.40	4
3.41 – 3.50	5
3.51 – 3.60	6
3.61 – 3.70	7
3.71 – 3.80	8
3.81 – 3.90	9
3.91 - 4.00	10

PROGRAM COURSE REQUIREMENTS THAT AWARD ADMISSION POINTS

All of these prerequisite courses must be completed by the application deadline.

You may not repeat a course for grade forgiveness for which you previously have earned a grade of A, B or C.

Course ID	Course Description	Points Awarded
BSC 2093C	Human Anatomy & Physiology I	A=10 pts, B=8 pts, C=4 pts
BSC 2094C	Human Anatomy & Physiology II	A=10 pts, B=8 pts, C=4 pts
MCB 2010C	Microbiology	A=10 pts, B=8 pts, C=4 pts
ENC 1101	Freshman Composition I	A=3 pts, B=2 pts, C=1 pt
*HUN 2202	*Essentials of Nutrition with Diet Therapy	A=3 pts, B=2 pts, C=1 pt
PSY 2012	General Psychology	A=3 pts, B=2 pts, C=1 pt
DEP 2004	Developmental Psychology	A=3 pts, B=2 pts, C=1 pt
Humanities	Any course that meets the General Education Humanities requirement: Core or Institutional	A=3 pts, B=2 pts, C=1 pt

Transfer courses may need to be reviewed by an Advisor for potential course substitution or equivalency. NOTE: courses taken at other institutions may not be equivalent to Valencia Nursing Program course requirement, as listed in this guide. Course substitution or equivalency must be on your Valencia record before submitting program application.

***HUN2202 - Students who have completed a college Nutrition course of two or more credits (e.g. HUN 1201) that did not include Diet Therapy may request permission in the Health Sciences Advising Office (email: HealthScienceApplications@valenciacollege.edu) to complete the one-credit HUN 2015 Diet Therapy for Health Care Professionals, which may be in progress at the time of program application, but must be completed with a minimum grade of C (or minimum grade needed to maintain 2.5 overall GPA) by the program start date. If taken, HUN 2015 and the initial Nutrition course will combine to substitute for HUN 2202, unless the student has already attempted the required HUN2202 course. Therefore, if a student has HUN2202 on his/her record, then HUN2015 with the initial nutrition course is not an option to meet program entry requirements. Note: If HUN2015 is in progress, points will not be earned for HUN2202.**

Please check <http://valenciacollege.edu/west/health/admissionupdates.cfm> for the most updated information.

ADDITIONAL ADMISSION POINTS AWARDED (OPTIONAL)

NUR 1060C	Health Assessment Across Lifespan completed with an A, B or C	2 pts
HSC 1531	Medical Terminology completed with an A, B or C	1 pt
CHM1025C	Intro. to General Chemistry completed with an A, B, or C (or college-level Chemistry course with a lab)	1 pt
STA2023	Statistical Methods completed with an A, B, or C (or college level Statistics course)	1 pt
PHI2600	Ethics and Critical Thinking completed with an A, B, or C	1 pt
Bachelor's degree	Completion of any Bachelor's degree or higher	1 pt

Total Points = _____ Total Possible Points: 62

**Valencia College Accelerated Track in Nursing Program
Patient Care Competencies**

Students applying to the Valencia College Accelerated Track in Nursing Program are expected to be competent in providing basic care and performing basic clinical skills for patients. All applicants (except for LPNs), must provide documentation to satisfy the below competencies.

Note: If the skills below cannot be fulfilled by the Patient Care form, students have other options. (See item #14 of this Program Guide).

Patient Care Role	Description
<i>Role of the Nursing Assistant /Patient Care Technician</i>	<ul style="list-style-type: none"> *Performs patient charting and patient report *Helps patient maintain personal health *Maintains patient rights utilizing personal & professional values, ethics, and legal considerations *Functions appropriately as a member of the health care team *Utilizes appropriate communication skills
<i>Promotion of Health and Safety</i>	<ul style="list-style-type: none"> *Utilizes Standard Precautions for infection prevention *Promotes accident prevention & patient safety *Assist with mobility and ambulation *Measures and records vital signs (pulse, respirations, BP, temp, pain) *Measures and records height & weight
<i>Personal Care Skills & Health Maintenance</i>	<p>Routine Care:</p> <ul style="list-style-type: none"> *Assist patient with feeding, hydration & nutrition *Provides assistance bathing, perineal care, catheter care, nail care, skin care, mouth care *Assist with grooming & dressing *Helps patient with toileting (diapering, bedpan, bedside commode) *Measures and records intake and output *Bed making (occupied & unoccupied) * Transferring to bed, wheelchair, bedside commode, turning and positioning, range of motion (transfer with mechanical lift) * Appropriately reports abnormal signs and symptoms <p>Emergency Care:</p> <ul style="list-style-type: none"> *Recognizes and reports emergent situations such as unresponsive patients, chest pain, seizure activity etc. *Provides basic life support, responds and reports according to standards of care.

GUIDELINES for ALL HEALTH SCIENCE LIMITED ACCESS PROGRAMS (EXCEPT THE BACHELOR DEGREE PROGRAMS AND ADVANCED TECHNICAL CERTIFICATES)

Valencia's Health Science programs are offered through the School of Allied Health and the School of Nursing, which provide information about specific admission criteria for the programs. The Health Sciences Program Guides, of which this is one, are developed for a specific academic year (August to July) and, as a rule, changes to admission and program requirements becoming effective at the start of an academic year. **Valencia College, however, reserves the right to make changes in admission and program requirements as circumstances require.** If a mid-year change becomes necessary, it will be indicated in the information for the specific program at:

<http://valenciacollege.edu/west/health/AdmissionUpdates.cfm>.

Students interested in a health sciences career are encouraged to explore the many challenging and rewarding opportunities available in health professions. The health sciences programs may have clinical experiences that expose the student to blood borne pathogens via contact with bodily fluids including, but not limited to blood and saliva. Students accepted into these programs will be expected to adhere to Centers for Disease Control (CDC) guidelines for the use of Standard Precautions. The CDC defines standard precautions as "a set of precautions designed to prevent the transmission of HIV, Hepatitis B virus (HBV), [and] other blood borne pathogens when providing first aid or health care." Under standard precautions, blood and certain body fluids are considered potentially infectious for HIV, HBV, and other blood borne pathogens. Students will be expected to adhere to hand hygiene protocols and consistent use of personal protective equipment including masks, gloves and eyewear. In some of the health sciences programs, students may need to conduct peer-to-peer examinations in lab settings.

Valencia offers eight health sciences programs which lead to an A.S. degree. They are the Cardiovascular Technology, Dental Hygiene, Diagnostic Medical Sonography, Emergency Medical Services Technology (including EMT and Paramedic technical certificates), Health Information Technology (including Medical Information Coder/Biller TC), Nursing (R.N.), Radiography, and Respiratory Care. Admission to these programs is limited because of clinical facilities and staff. Once you complete your A.S. degree in Nursing, you can continue at Valencia to earn a bachelor-level Advanced Technical Certificate (ATC) in Echocardiography or in Leadership in Healthcare. With additional education at the bachelor's level and professional experience, you will enhance your skills and have more career options available.

Students whose official records indicate they are seeking admission to a limited access Associate in Science (A.S.) health sciences program will have the health sciences program designated as their secondary major and the Associate in Arts (A.A.) Degree designated as their primary major in order to maximize their educational opportunities. If the student has already earned a Bachelor's or A.A. degree, the student will not have A.A. designated as a major.

APPLICATION INFORMATION

Most programs have an application deadline, but some do not. If a program application deadline falls on Saturday, Sunday or a Valencia holiday, the deadline will become the following Valencia business day. Health Sciences program applications are available at valenciacollege.edu/west/health/AppDeadlines.cfm. Program applications received after the deadline date will not be considered for the identified term. Students who are not accepted will need to reapply for a future term.

Students must complete a Valencia application for admission and the application for the specific health sciences program. Admission to Valencia does not imply acceptance to the health sciences program.

Students may apply to more than one limited access Health Science program; however, enrollment is limited to only one Health Sciences program in a term. A new program application is required if reapplying for admission. Having previously earned a college degree does not grant an advantage in admission to a Health Sciences program that does not require a degree for admission nor does it exempt students from taking the ATI Test of Essential Academic Skills (TEAS) if the ATI TEAS is required for admission to the program.

All communication from Valencia relative to program admission will be sent via your **Atlas e-mail address**. Written communication you initiate with Valencia staff should also be via your Atlas e-mail account and should include your full name and your Valencia ID number.

BACKGROUND CHECK, FINGERPRINTING, DRUG TESTING, IMMUNIZATIONS AND CPR CERTIFICATION

The Health Sciences programs include student clinical rotations in external affiliate health care facilities with which Valencia has agreements for student clinical assignments. The affiliates' policies require that students serving in a clinical rotation be cleared of offenses that would disqualify them from participating in student clinical assignments. Thus, all students **conditionally* accepted** to a Health Sciences program are required to submit to a criminal background check, fingerprinting and drug testing as well as provide documentation of specific immunizations and American Heart Association (AHA) and Basic Life Support (BLS) CPR certification **following acceptance to a program**. The timeframe for meeting these requirements will be provided in the Orientation information that will be sent to the student upon acceptance through ATLAS email.

NOTE: Non-Immigrant visa holders must complete their background check, fingerprinting, drug testing, immunizations and CPR certification at least six months in advance of the anticipated start term.

Students may need to renew their background and drug testing requirements annually. See the Compliance Department for more details at HSCompliance@valenciacollege.edu

***If you have a positive background check, fingerprint or drug screening, you *may* be denied enrollment in a Health Sciences program due to the inability to participate in a student clinical assignment.** If you have concerns regarding known background issues, it is recommended that you email questions to hscompliance@valenciacollege.edu.

MANDATORY ORIENTATION

The mandatory program Orientation for accepted students usually is held four to six weeks prior to the program start date. Once accepted to a program, students will receive an email via ATLAS regarding the Orientation date, requirements and deadlines. The Orientation materials will give the student information regarding the processes for completing background checks, fingerprinting, drug screening, and other requirements through CastleBranch.com.

TRANSPORTATION TO CLINICAL SITES

If accepted to a program, students will be responsible for furnishing transportation to the community and/or hospital facilities used by Valencia for clinical practice.

Valencia is an Equal Opportunity Institution: <http://valenciacollege.edu/HR/EqualAccessEqualOpportunity.cfm>

NURSING
CORE PERFORMANCE STANDARDS FOR ADMISSION AND PROGRESSION

ISSUE	STANDARD	EXAMPLES OF REQUIRED ACTIVITIES (NOT ALL INCLUSIVE)
Critical Thinking	Critical Thinking ability sufficient for safe clinical judgment.	<ul style="list-style-type: none"> * Identify cause-effect relationships in clinical situations. * Evaluate assessment data to ascertain appropriate measures that are of diagnostic value. * Practice positive problem solving and coping skills when faced with adversity. * Assess patient's condition and needs from a distance of at least 20 feet. * Based on assessment data; initiate proper emergency care protocols, including notification of Rapid Response team, initiating CPR.
Interpersonal	Interpersonal abilities sufficient to interact with individuals, families and groups from a variety of social, emotional, cultural, and intellectual backgrounds.	<ul style="list-style-type: none"> * Establish rapport with patients, families, and colleagues. * Display compassion, empathy and concern for others. * Work collaboratively with other healthcare providers in stressful situations. * Cope with anger/fear/hostility of others in a calm way. * Handle multiple priorities in stressful situations. * Concentrate and focus attention
Communication	Communication abilities sufficient for interaction with others in verbal and written form.	<ul style="list-style-type: none"> * Communicate verbally in English to the patient in order to: converse, explain treatment procedures, initiate health teaching, relieve anxiety, gain their cooperation, document and interpret nursing care actions and patient responses. * Speak with other members of the health care team utilizing effective verbal communication skills. * Read and cognitively comprehend written materials, the patient's medical record and/or physician's orders. * Write using a legible and concise documentation style which is readable and in the English language including documentation in electronic medical record. * Skill in the use of personal computers and general office software.
Mobility	Physical abilities sufficient to move from room to room and maneuver in small spaces.	<ul style="list-style-type: none"> * Move around in patient's rooms, work spaces and treatment areas, * Assist all patients, according to individual needs and abilities, in moving, twisting, turning, kneeling, bending and maintaining balance in administering nursing care and procedures. * Able to lift and/or support at least 25 lbs. in order to reposition, transfer, and ambulate patients safely. * Able to push/pull a minimum of 100 lbs. such as pushing stretchers, beds, wheelchairs and other transportation device without injury to self, patient, or others.
Motor Skills	Gross and fine motor abilities sufficient to provide safe and effective care.	<ul style="list-style-type: none"> * Accurately able to draw up medications without contaminating the syringe/needle. * Calibrate and use equipment. * Position patient as necessary for nursing care or procedures.
Hearing	Auditory abilities sufficient to monitor and assess patient needs, and to provide a safe environment.	<ul style="list-style-type: none"> * Hear a patient talk in a normal tone from a distance of 20 feet. * Hears monitor alarms, emergency signals, cries for help and overhead pages. * Hears sounds that indicate changes in patient's physiological condition (i.e. breath sounds, blood pressure, apical pulse).
Visual	Visual ability sufficient for observation and assessment necessary in the operation of equipment and care of patients.	<ul style="list-style-type: none"> * Observe the patient in order to assess the patient's condition and responses to nursing care and procedures. * Has ability for frequent use of far vision (clarity of vision at 20 feet or more), near vision (clarity of vision at 20 inches or less), color vision, depth perception, and seeing fine details.
Tactile	Tactile ability sufficient for patient assessment and operation of equipment.	<ul style="list-style-type: none"> * Frequently perform simple grasping, firm grasping, fine manipulation, to perform nursing skills such as insertion of foley catheter, insertions of IV's * Perform palpation, tactile assessment, functions of physical examination and/or those related to therapeutic intervention (i.e. changes in skin temperature, edema, etc.).

NURSING

CORE PERFORMANCE STANDARDS FOR ADMISSION AND PROGRESSION

Nursing is a practice discipline with cognitive, sensory, affective, and psychomotor performance requirements. Based on these requirements, the following list of "Core Performance Standards" has been developed. Each standard has an example of an activity or activities, that a student will be required to perform while enrolled in the Nursing Program. These standards are a part of each Nursing course and of the professional role expectation of a Nurse.

For the purpose of the Nursing Program, a "qualified individual with a disability is one who, with or without reasonable accommodations or modifications, meets the essential eligibility requirements for participation in the program." The School of Nursing at Valencia makes no preadmission inquiries concerning an applicant's disability status. Information related to an applicant's disabilities is not a part of the information reviewed by the Admission Committee.

These Performance Standards should be used to assist students in determining whether accommodations or modifications are necessary for the student to meet program requirements. A student who identifies potential difficulties with meeting the Performance Standards should communicate his/her concerns to an advisor in the Office for Students with Disabilities. The student has the responsibility to identify and document the disability and to request reasonable and appropriate adjustments. Determination is made on an individual basis as to whether any accommodations or modifications can be reasonably made.

VALENCIA COLLEGE SCHOOLS OF ALLIED HEALTH AND NURSING
Sample Form of the Health and Physical Core Performance Requirements

Asses Ability to Meet Program Requirements	Y E S	N O	If NO, Note Limitations	Asses Ability to Meet Program Requirements	Y E S	N O	If NO, Note Limitations
General Requirements (has the ability to...)				Require Lifting (ability to lift...)			
Sit				25 to 34 lbs.			
Stand				35 to 50 lbs.			
Walk				Up to and over 100 for some Clinical Areas			
Bend							
Kneel							
Crouch				Pushing/Pulling (ability to push and pull...)			
Twist				Up to and over 100 for some Clinical Areas
