

VALENCIA COLLEGE

2023-2024 Program Guide for the Associate in Science Degree in Nursing, Traditional Track (ASN) Daytime & Evening/Weekend Application Deadlines:

September 15th, 2023 for Spring 2024	January 15th, 2024 for Summer 2024	May 15th, 2024 for Fall 2024
--------------------------------------	------------------------------------	------------------------------

Admission requirements and application deadlines are subject to change.
Please [check](#) for any admission updates.

The Nursing, Traditional Track Program at Valencia is a limited-access program. **The Traditional Nursing Program admits for Fall, Spring, and Summer terms.** The Daytime Program is offered at the West and Osceola Campuses. The Evening/Weekend Program is only offered on West Campus. The Traditional ASN program requirements apply to the **Valencia/UCF Concurrent** program, as students accepted into Valencia/UCF Concurrent are accepted to the Traditional Nursing program. Students applying for the Valencia/UCF Concurrent program will be considered for admission based on UCF's admission points and ranking procedures.

ADMISSION CHECKLIST

The admission requirements that must be satisfied PRIOR to application submission for the Traditional ASN Program are:

- _____ 1. Read about the Nursing, Traditional Track (ASN) admission, [program requirements](#), and the Valencia [Catalog](#); read this Program Guide in its entirety to confirm you are capable of meeting the Core Performance Standards listed within this guide.
- _____ 2. Be a U.S. Citizen, a U.S. permanent resident or an International Student.
International Students: In addition to a background check required for clinical compliance (after program acceptance), a second background check from your home country is required. If you have a concern about how this may impact your program acceptance, please contact the Health Sciences Compliance Office: HSCCompliance@valenciacollege.edu.
 - (See [Page 5](#) of this Program Guide for [clinical compliance information](#))
 - **NOTE: All individuals who have DACA, Temporary Protection Status, Refugee, Asylee status, etc. must complete the [Employment Authorization Document \(EAD\)](#) prior to submitting application.**
(Graduates of the program can sit for the NCLEX-RN but will need appropriate Social Security documentation to be licensed).
- _____ 3. Attend a Health Sciences Information Session (**strongly recommended**). Information Session dates are posted on the Health Sciences website at: valenciacollege.edu/health.
- _____ 4. Submit a completed [Valencia Application](#) for Admission, click on **Future Students, Admissions**, and pay the \$35 application fee; satisfy the requirements for [Degree-Seeking Status and be in Active Student Status](#). Admission to Valencia does **not** imply acceptance to a health sciences program.
- _____ 5. Submit **all high school and college official transcripts** from all institutions (**must include High School transcripts or GED score report**) must be submitted to Valencia and posted on your record prior to applying. Students using AP/IB/CLEP scores to satisfy one or more prerequisite courses must request official scores from collegeboard.org (AP/CLEP) or ibo.org (IB). AP/IB/CLEP credits earned as 'Z' grades on record equate to 'A' grades for points.
- _____ 6. Must be at least 18 years of age by the program start date.
- _____ 7. Satisfy the Valencia entry testing requirements and satisfactorily complete any [Mandatory Courses](#) in Reading, Professions of Caring or New Student Experience, Mathematics, English, and English for Academic Purposes in which you are placed (must be at college-level for Reading, Mathematics, English).

- _____ 8. Complete **all** the following **prerequisites** with a **minimum combined GPA of 3.0** and a **minimum grade of C** (*Students must also have an overall/cumulative college GPA of 3.0*):

ENC 1101 Freshman Composition I	3.0 Credit Hours
BSC 1010C General Biology I (<i>Prerequisite for BSC2093C/HUN2202/MCB2010C</i>)	4.0 Credit Hours
Humanities Any course that meets Core General Education	3.0 Credit Hours
MGF 1106 Liberal Arts Math I, or any Core General Education math	3.0 Credit Hours
PSY 2012 General Psychology	3.0 Credit Hours
BSC 2093C Human Anatomy and Physiology I	4.0 Credit Hours
*POS2041 or AMH2020 U.S Government or U.S History 1877 to present	3.0 Credit Hours
HUN 2202 Essentials of Nutrition with Diet Therapy	3.0 Credit Hours
MCB 2010C Microbiology	4.0 Credit Hours

You may **not** repeat a course for grade forgiveness for which you previously have earned a grade of **A, B, or C**. The grade for each prerequisite **must** be posted to your Valencia College record **prior to application**.

**POS2041 & AMH2020 completed with a grade 'D' is accepted due to meeting graduation, however, students will not earn points for this grade, and the 'D' grade will not be factored into the prerequisite GPA.*

***HUN2202** - Students who have completed a college Nutrition course of two or more credits (e.g. HUN 1201) that did not include Diet Therapy, must request permission from the Health Sciences team (HealthScienceApplications@valenciacollege.edu) to enroll in the one-credit HUN 2015 Diet Therapy for Health Care Professionals, which **may be in progress at the time of program application**, but must be completed with a minimum grade of C (or minimum grade needed to maintain **3.0 ASN course prerequisite GPA**) by the program start date. HUN2015 and the initial Nutrition course will be combined to substitute HUN2202 **unless** HUN2202 (or transfer course equated to HUN2202) has already been successfully completed with a 'C' or higher. In that case, completing HUN2015 with the initial Nutrition course will **not** be an option to meet program entry requirements.

- _____ 9. Transfer courses may need to be reviewed by an Advisor for potential course substitution or equivalency. Courses taken at other institutions may not be equivalent to the Nursing Program course requirement, as listed in this guide. Example: **ZOO3733C** is **not** equivalent to BSC2093C and **PCB3703C** is **not** equivalent to BSC2094C. These are not one on one substitutions; the entire Anatomy and Physiology sequence is a program substitution and must be completed at the same institution prior to applying. Required course substitution(s) must be on your Valencia record **prior to applying**.

- _____ 10. **Have a minimum overall college GPA of 3.0**, including all undergraduate transfer coursework for admission into the program. **Must be in good academic standing**.

NOTE: Transfer students with completed coursework at Valencia College also need to have a minimum Institutional/Valencia GPA of 2.0 at the time of applying (in addition to the minimum overall college GPA of 3.0).

- _____ 11. Prior to submitting your program application, you are encouraged to meet with your assigned advisor. You can locate your assigned advisor by logging into Atlas, Courses tab, Academic Profile. We strongly recommend that you meet early in your course planning to ensure all requirements, including program pre-requisite courses mentioned in this guide are met.

- _____ 12. Successfully complete the designated entrance exam, **ATI Test of Essential Academic Skills (TEAS)**, with **scores posted to your Valencia record** of a minimum passing **Composite score of 65** (exam requirement subject to change). Scores on record may be used for admission criteria if test dates are **less than two years old**. Paper copies of scores are NOT accepted. The examination fee is the responsibility of the student. More information about ATI TEAS is found on the [Assessment Center webpage](#). **If ATI TEAS was taken outside of Valencia Assessment, students are required to:**

1. **Request official exam scores from the [ATI site](#).**
2. **Then, complete the ATI [Matching Request form](#)** (*assists to add scores to Valencia student record*)

- _____ 13. After completing numbers 1 – 12 and prior to the program application deadline, submit a completed Traditional ASN Program application, and pay the \$15 non-refundable Health Sciences program application fee. **Application information can be found on the [Daytime](#) and [Evening/Weekend](#) site.**

Nursing, Traditional Track (Daytime & Evening/Weekend) Admission Points Guide

The Health Sciences Admission Committee uses the following point system to guide them in the selection of the qualified students to be admitted to the Traditional Nursing Program each term. Student selection is based on the total number of points earned below. In case of a tie, overall GPA then Prerequisite GPA will be considered.

PROGRAM COURSE REQUIREMENTS THAT AWARD ADMISSION POINTS

Highlighted courses below are the new degree requirements.

All the below-listed prerequisite courses must be completed by the application deadline. You may not repeat a course for grade forgiveness for which you previously have earned a grade of A, B or C.

BSC 1010C	General Biology I (<i>Prerequisite for BSC2093C/HUN2202/MCB2010C</i>)	4.0 Credit Hours	A=10 pts, B=8 pts, C=4 pts
*BSC 2093C	Human Anatomy & Physiology I	4.0 Credit Hours	A=10 pts, B=8 pts, C=4 pts
*MCB 2010C	Microbiology	4.0 Credit Hours	A=10 pts, B=8 pts, C=4 pts
*HUN 2202	*Essentials of Nutrition with Diet Therapy	3.0 Credit Hours	A=4 pts, B=3 pts, C=1 pt
ENC 1101	Freshman Composition I	3.0 Credit Hours	A=4 pts, B=3 pts, C=1 pt
PSY 2012	General Psychology	3.0 Credit Hours	A=4 pts, B=3 pts, C=1 pt
POS2041-OR-AMH2020	U.S. Government or U.S. History 1877 to present	3.0 Credit Hours	A=4 pts, B=3 pts, C=1 pt
Humanities (core)	Any course that meets the Core General Education Humanities requirement.	3.0 Credit Hours	A=4 pts, B=3 pts, C=1 pt
MGF1106 or any (core) math	Liberal Arts Mathematics I or any course that meets the Core General Education Math requirement.	3.0 Credit Hours	A=4 pts, B=3 pts, C=1 pt
The following are required for <u>graduation</u> of the degree. Completion with a minimum grade of C prior to application will result in more admission points (completion is encouraged for program success and to be a competitive applicant).			
BSC 2094C	Human Anatomy & Physiology II (<i>in-progress will not earn points</i>)	4.0 Credit Hours	A=15 pts, B=10 pts, C=5 pts
Civic Literacy	Earn a passing score (60%) on the Florida Civic Literacy Exam (FCLE) Required for graduation of the ASN degree.	<i>Optional for an admission point</i>	1 pt

***POS2041 & AMH2020 completed with a grade 'D' is accepted due to meeting graduation, however, students will not earn points for this grade, and the 'D' grade will not be factored into the prerequisite GPA.**

NOTE: Transfer courses may need to be reviewed by an Advisor for potential course substitution or equivalency. Courses taken at other institutions **may not** be equivalent to the Valencia Nursing Program course requirement, as listed in this guide. Course substitution or equivalency must be on your Valencia record **before** submitting the program application. Course substitutions are only permitted when students have not previously earned a grade of A, B, or C for the required course. **Transfer courses with 'S' or 'P' grades need to be reviewed for eligibility by the [Health Sciences team](#)**

***HUN2202** - Students who have completed a college Nutrition course of two or more credits (e.g. HUN 1201) that did not include Diet Therapy, must request permission from the Health Sciences team HealthScienceApplications@valenciacollege.edu to enroll in the one-credit HUN 2015 Diet Therapy for Health Care Professionals, which may be **in progress** at the time of program application, but must be completed with a minimum grade of C (or minimum grade needed to maintain **3.0 ASN course prerequisite GPA**) by the program start date. HUN2015 and the initial Nutrition course will be combined to substitute HUN2202 **unless** HUN2202 (or transfer course equated to HUN2202) has already been successfully completed with a 'C' or higher. In that case, completing HUN2015 with the initial Nutrition course will **not** be an option to meet program entry requirements. **Note: If HUN2015 is in progress at the time of application, points will not be earned for HUN2202.**

POINTS AWARDED FROM ATI TEAS (COMPOSITE SCORE)

Composite ATI TEAS	Points
80 - 100	15
70 - 79	10
65-69	5

ATI TEAS must be completed by the application deadline with a minimum passing Composite score of 65. **Scores are only valid for two years/must be less than two years old starting with the Summer 2023 application deadline! If ATI TEAS was taken outside of Valencia Assessment, students are required to:**

1. Request official exam scores from the [ATI site](#).
2. Then, complete the ATI [Matching Request form](#)

Estimated program costs are found in the [college catalog](#). Visit [Program Updates & \(FAQ\) page](#) for updated information.

Total Points = _____ Total Possible Points: 85

Traditional Nursing (ASN) Admission Prerequisite GPA Calculator

Reminder: Students must meet the **3.0 prerequisite GPA** for admissions based on grades earned in the courses below. Only grades of 'C' or higher can be used for GPA calculation.

Course	My Grade	Quality Pts (A = 4, B = 3, C = 2)	Credit Hours	Points	
ENC 1101 Freshman Composition I			X 3	=	
BSC 1010C General Biology I <i>(Prerequisite for BSC2093C/HUN2202/MCB2010C)</i>			X 4	=	
Humanities Any course that meets Core General Education			X 3	=	
MGF 1106 Liberal Arts Math I or any Core General Education math			X 3	=	
PSY 2012 General Psychology			X 3	=	
BSC 2093C Human Anatomy and Physiology I			X 4	=	
POS2041 or AMH2020			X 3	=	
HUN 2202 Essentials of Nutrition with Diet Therapy			X 3	=	
MCB 2010C Microbiology			X 4	=	
Instructions: 1. Enter your earned Grades (or anticipated grades) 2. Enter the Quality Points (A = 4, B = 3, C = 2) 3. Multiply the Quality Points by the Credit Hours for Total Points 4. Divide the Total Points by Total Credits (30) to calculate your GPA			Total Credits: 30	Total Pts:	
Total Pts:	Total Credits: / 30	GPA: =	<i>*For transferred science courses with separate lecture and lab grades, both grades will be calculated into the GPA. Valencia GPA Calculator</i>		

GUIDELINES for ALL HEALTH SCIENCE LIMITED ACCESS PROGRAMS (EXCEPT THE BACHELOR DEGREE PROGRAMS AND ADVANCED TECHNICAL CERTIFICATES)

Valencia's Health Science programs are offered through the School of Allied Health and the School of Nursing, which provide information about specific admission criteria for the programs. The Health Sciences Program Guides, of which this is one, are developed for a specific academic year (August to July) and, as a rule, changes to admission and program requirements becoming effective at the start of an academic year. **Valencia College, however, reserves the right to make changes in admission and program requirements as circumstances require.** If a mid-year change becomes necessary, it will be indicated on the [Program Updates](#) page. *If a student was previously accepted into a Health Sciences Program at Valencia College and subsequently deemed ineligible for return to the program, the selection committee has the right to contact the applicant's previous program. This information will be included in the consideration for program admission.*

Students interested in a health sciences career are encouraged to explore the many challenging and rewarding opportunities available in health professions. The health sciences programs may have clinical experiences that expose the student to blood borne pathogens via contact with bodily fluids including, but not limited to blood and saliva. Students accepted into these programs will be expected to adhere to Centers for Disease Control (CDC) guidelines for the use of Standard Precautions. The CDC defines standard precautions as "a set of precautions designed to prevent the transmission of HIV, Hepatitis B virus (HBV), [and] other blood borne pathogens when providing first aid or health care." Under standard precautions, blood and certain body fluids are considered potentially infectious for HIV, HBV, and other blood borne pathogens. Students will be expected to adhere to hand hygiene protocols and consistent use of personal protective equipment including masks, gloves and eyewear. In some of the health sciences programs, students may need to conduct peer-to-peer examinations in lab settings.

Valencia offers eight health sciences programs which lead to an A.S. degree. They are Cardiovascular Technology, Dental Hygiene, Diagnostic Medical Sonography, Emergency Medical Services Technology (including EMT and Paramedic technical certificates), Health Information Technology (including Medical Information Coder/Biller TC), Nursing (R.N.), Radiography, and Respiratory Care. Admission to these programs is limited because of clinical facilities and staff. Once you complete your A.S. degree in Nursing, you can continue at Valencia to earn the Bachelor of Science in Nursing (BSN) or a bachelor-level Advanced Technical Certificate (ATC) in Echocardiography. With additional education at the bachelor's level and professional experience, you will enhance your skills and have more career options available. Students whose official records indicate they are seeking admission to a limited access Associate in Science (A.S.) health sciences program will have the health sciences program designated as their secondary major and the Associate in Arts (A.A.) Degree as their primary major to maximize their educational opportunities. If the student has already earned a Bachelor's or A.A. degree, the student will **not have an A.A. as a major.**

APPLICATION INFORMATION

Program Application information for each admission cycle can be found on the specific [program's webpage](#). Program applications received after the deadline date will not be considered for the identified term. Students who are not accepted will need to reapply for a future term. Students must complete a Valencia application for admission and the application for the specific health sciences program. Admission to Valencia does not imply acceptance to the health sciences program. Students must meet the minimum requirements in order to apply, however, this does not guarantee acceptance. Students may apply to more than one limited access Health Science program; however, enrollment is limited to only one Health Sciences program in a term. A new program application is required if reapplying for admission. Having previously earned a college degree does not grant an advantage in admission to a Health Sciences program that does not require a degree for admission nor does it exempt students from taking the ATI Test of Essential Academic Skills (TEAS) if the ATI TEAS is required for admission to the program.

Communication Policy: Application review may take **4-6 weeks after the deadline closes.** **Students are expected to check Atlas email regularly for any communication about an application.** Application updates are **only** communicated through the Valencia College Atlas email. Students who are offered an accepted program seat are required to attend the mandatory program orientation to keep the seat and start the program. The admission decision email will include a **strict deadline** to accept an offered program seat. If a response is **not** received by the deadline of the acceptance invite, then the next student will be invited for the opportunity of acceptance.

Mandatory Orientation: The mandatory program Orientation for accepted students may be held four to six weeks prior to the program start date. Once accepted to a program, students will receive an email via ATLAS regarding the Orientation date, requirements, and deadlines. The Orientation materials will give the student information regarding the processes for completing background checks, fingerprinting, drug screening, and other requirements completed through the designated vendor.

BACKGROUND CHECK, FINGERPRINTING, DRUG TESTING, IMMUNIZATIONS AND CPR CERTIFICATION

The Health Sciences programs include student clinical rotations in external affiliate health care facilities with which Valencia has agreements for student clinical assignments. The affiliates' policies require that students serving in a clinical rotation be cleared of offenses that would disqualify them from participating in student clinical assignments. Thus, all students **conditionally* accepted** to a Health Sciences program are required to submit to a criminal background check, fingerprinting and drug testing as well as provide documentation of specific immunizations and American Heart Association (AHA) and Basic Life Support (BLS), Health Care Provider (HCP) CPR certification **following acceptance to a program.** The timeframe for meeting these requirements will be provided in the Orientation information that will be sent to the student upon acceptance through ATLAS email. **All clinical Compliance must be met to begin the program.**

Students may need to renew their background and drug testing requirements annually. See the Compliance Department for more details at HSCCompliance@valenciacollege.edu. ***If you have a positive background check, fingerprints, or drug screening, you may be denied enrollment in a Health Sciences program due to the inability to participate in a student clinical assignment.** If you have concerns regarding known background issues, it is recommended that you email questions to hscompliance@valenciacollege.edu.

TRANSPORTATION TO CLINICAL SITES

If accepted to a program, students will be responsible for furnishing transportation to the community and/or hospital facilities used by Valencia for clinical practice.

NURSING CORE PERFORMANCE STANDARDS FOR ADMISSION AND PROGRESSION

Nursing is a practice discipline with cognitive, sensory, affective, and psychomotor performance requirements. Based on these requirements, the following list of "Core Performance Standards" has been developed. Each standard has an example of an activity or activities, that a student will be required to perform while enrolled in the Nursing Program. These standards are a part of each Nursing course and of the professional role expectation of a Nurse.

For the Nursing Program, a "qualified individual with a disability is one who, with or without reasonable accommodations or modifications, meets the essential eligibility requirements for participation in the program." The School of Nursing at Valencia makes no preadmission inquiries concerning an applicant's disability status. Information related to an applicant's disabilities is not a part of the information reviewed by the Admission Committee.

These Performance Standards should be used to assist students in identifying the academic and clinical expectations for all students. Students who may need reasonable accommodations to fulfill required program outcomes or clinical expectations are encouraged to contact the [Office for Students with Disabilities](http://valenciacollege.edu/HR/EqualAccessEqualOpportunity.cfm) to engage in an interactive process regarding their request. It is the student's responsibility to notify and register with the Office for Students with Disabilities to identify and receive reasonable accommodations. Reasonable accommodations are effective only after engaging in this process and are not retroactive. Determination is made on an individual basis as to whether any accommodations or modifications can be reasonably made. **Valencia is an Equal Opportunity Institution:**

<http://valenciacollege.edu/HR/EqualAccessEqualOpportunity.cfm>

Criteria	STANDARD	EXAMPLES OF REQUIRED ACTIVITIES (NOT ALL INCLUSIVE)
Critical Thinking	Critical Thinking ability sufficient for safe clinical judgment.	<ul style="list-style-type: none"> * Identify cause-effect relationships in clinical situations. * Evaluate assessment data to ascertain appropriate measures that are of diagnostic value. * Practice positive problem solving and coping skills when faced with adversity. * Assess patient's condition and needs from a distance of at least 20 feet. * Based on assessment data; initiate proper emergency care protocols, including notification of Rapid Response team, initiating CPR.
Interpersonal	Interpersonal abilities sufficient to interact with individuals, families and groups from a variety of social, emotional, cultural, and intellectual backgrounds.	<ul style="list-style-type: none"> * Establish rapport with patients, families, and colleagues. * Display compassion, empathy and concern for others. * Work collaboratively with other healthcare providers in stressful situations. * Cope with anger/fear/hostility of others in a calm way. * Handle multiple priorities in stressful situations. * Concentrate and focus attention
Communication	Communication abilities sufficient for interaction with others in verbal and written form.	<ul style="list-style-type: none"> * Communicate verbally in English to the patient in order to: converse, explain treatment procedures, initiate health teaching, relieve anxiety, gain their cooperation, document and interpret nursing care actions and patient responses. * Speak with other members of the health care team utilizing effective verbal communication skills. * Read and cognitively comprehend written materials, the patient's medical record and/or physician's orders. * Write using a legible and concise documentation style which is readable and in the English language including documentation in electronic medical record. * Skill in the use of personal computers and general office software.
Mobility	Physical abilities sufficient to move from room to room and maneuver in small spaces.	<ul style="list-style-type: none"> * Move around in patient's rooms, work spaces and treatment areas, * Assist all patients, according to individual needs and abilities, in moving, twisting, turning, kneeling, bending and maintaining balance in administering nursing care and procedures. * Able to lift and or support at least 25 lbs. in order to reposition, transfer, and ambulate patients safely. * Able to push/pull a minimum of 100 lbs. such as pushing stretchers, beds, wheelchairs and other transportation device without injury to self, patient, or others.
Motor Skills	Gross and fine motor abilities sufficient to provide safe and effective care.	<ul style="list-style-type: none"> * Accurately able to draw up medications without contaminating the syringe/needle. * Calibrate and use equipment. * Position patient as necessary for nursing care or procedures.
Hearing	Auditory abilities sufficient to monitor and assess patient needs, and to provide a safe environment.	<ul style="list-style-type: none"> * Hear a patient talk in a normal tone from a distance of 20 feet. * Hears monitor alarms, emergency signals, cries for help and overhead pages. * Hears sounds that indicate changes in patient's physiological condition (i.e. breath sounds, blood pressure, apical pulse).
Visual	Visual ability sufficient for observation and assessment necessary in the operation of equipment and care of patients.	<ul style="list-style-type: none"> * Observe the patient in order to assess the patient's condition and responses to nursing care and procedures. * Has ability for frequent use of far vision (clarity of vision at 20 feet or more), near vision (clarity of vision at 20 inches or less), color vision, depth

		perception, and seeing fine details.
Tactile	Tactile ability sufficient for patient assessment and operation of equipment.	* Frequently perform simple grasping, firm grasping, fine manipulation, to perform nursing skills such as insertion of foley catheter, insertions of IV's * Perform palpation, tactile assessment, functions of physical examination and/or those related to therapeutic intervention (i.e. changes in skin temperature, edema, etc.).
