

# CONTINUING EDUCATION – LANGUAGE PROGRAMS

Valencia College Continuing Education offers a variety of courses for every proficiency level including English as a Second Language (ESOL), Spanish and Portuguese – designed to help individuals learn another language for personal, educational or professional reasons.

## CONTINUING EDUCATION LANGUAGE PROGRAMS

### **Part-time Language Programs (on-campus and online classes)**

Whether on campus or online, students learn real-world, practical languages for personal and professional use. Extensive instructor-led programs are offered in English, Spanish and Portuguese, as well as a variety of online language courses. The goal of these courses is to help students communicate in the target language across a wide range of topics.

### **Intensive English Programs (on-campus and online classes)**

Valencia College has three intensive English learning options for local residents, visitors and international students, for adults and teens. Students can learn English fast face-to-face on our Orlando campuses or online from the U.S. or abroad.

### **Workplace Language Program**

Language programs for the workplace are designed for adults with busy schedules. Organizations can choose from various options including on-site instruction for groups, enrollment packages for individual registrations and a wide variety of online courses.
