Deans, Tenured and Tenure-Track Faculty

Professional Development Planning Tool
The PD Planning tool was created for full-time tenured and tenure-track faculty for the purposes of the Professional Development Plan. This tool acts as a method of communication that fosters a joint understanding between the faculty member and dean/director regarding the faculty member's professional development goals for each PD cycle. This tool also acts as a repository for the documentation of all submitted activities. **For questions regarding the PD plan, click here.**
