#CollegeOpportunity**

Valencia has made a commitment to participate in the White House Student Loan Debt Challenge. This initiative is a call to action for colleges, universities, non-profits, businesses and other employers to help more borrowers better understand their student loan repayment options. These efforts and investments have produced results. More Americans are graduating college than ever before. And we know that many students seeking a higher education have taken advantage of the federal student loan programs to help them pay for college, and now are successfully working to pay back that debt.
