Donna Haskins (scribe)

Guest: Pam Capps, Vice President of Operations, Education Foundation – Osceola County.

1. College Night

Monday, October 2, 2006. Osceola Campus is co-sponsoring this event with Education Foundation – Osceola County. Communication will be sent out to faculty members suggesting that faculty do an “Alternative class assignment” for Monday night’s classes. This will help alleviate traffic and parking concerns. First and second floors of Buildings One and Three are being utilized for College Night.

Fifty colleges and twelve scholarship donors (local organizations) are confirmed to be at College Night.

2. Cafe Furniture

Some of the patio furniture has been relocated inside the café to give more seating for the recently expanded café.

3. Educational Specifications for Building 4

The process will begin with naming a Steering Committee with the constituencies: bookstore, library, student development, classrooms, a departmental office and science labs. The architects will be SchenkelShultz.

4. New Copiers

Faculty members are reporting that the new leased copiers are very slow.
