Electives and Pathway-Specific Information

The AA degree requires 24 credits of electives. Some electives may have been pre-filled into the term-by-term plan based on your pathway. If you are missing the Foreign Language or Civic Literacy requirements, you may need to use elective space to satisfy these.

- Starting your math sequence higher than MAT 1033C will save time, money, and elective space; prepare and test for proper math level placement
- Graphic Design, Character, and Animation/Visualization are limited access programs requiring a separate application and portfolio review. ARH 2051; ART 1201C/1203C/1300C/1301C; and GRA 2101C are priority courses that must be completed or enrolled by the spring semester a student submits the portfolio. GPA and portfolio are major admission criteria components.
- UCF GRA 2101C can be satisfied with Valencia course GRA 1142C (check with UCF for current substitution agreements)
- UCF transfer students must earn a “B” or higher in DIG 2000 and a “C” or higher in each remaining required course

Financial Aid Notice

Federal financial aid assists with funding for up to 60 eligible credits of your AA degree (36 credits of general education and 24 credits of electives). If your pathway exceeds 60 credits (e.g. transfer courses, prerequisites, or other course work not included in this plan), you may need to plan for alternative methods of payments, which may include out-of-pocket payments. See a coach to discuss your options.
