

Secondary Education, Chemistry Pathway

Meta-Major: Education

Intended Bachelor's Program: Secondary Education, Science Education Chemistry – Education Track (UCF)

Planning Your Degree Pathway

This document outlines the courses needed to complete your AA degree (which requires 60 eligible credits) based on your degree pathway. These courses include general education requirements as well as courses that may be used to meet our elective requirements and common program prerequisites (CPPs), which are courses required to earn your intended bachelor's degree from a public Florida college or university. Please connect with your Coach if you need introductory coursework, have previously earned college credit (such as AP, CLEP, military, or transfer), or would like to modify when you take certain courses and/or how many courses you take in a term.

Common Program Prerequisites (CPP)

- EDF 2005[^]
- CHM 1045C^{^^}
- CHM 1046C^{^^}
- PHY 2053C^{^^}

Additional Degree Requirements

- **Introductory Coursework:** Required courses based on placement tests, including developmental education
- **Foreign Language:** Required to have 2 years of one high school foreign language or meet college-level foreign language equivalency
- **Civic Literacy:** Must satisfy with POS 2041, AMH 2010 or AMH 2020 (also satisfies Social Science Core) and Florida Civic Literacy Exam or appropriate scores on AP or CLEP exams
- **Grade Point Average (GPA):** Need to maintain 2.0 or higher for both Overall GPA and Valencia GPA
- **Valencia Residency:** Must complete at Valencia at least 25% of the college-level credits required for the AA degree

Electives and Pathway-Specific Information

The AA degree requires 24 credits of electives. Some electives may have been pre-filled into the term-by-term plan based on your pathway. If you are missing the Foreign Language or Civic Literacy requirements, you may need to use elective space to satisfy these.

- Starting your math sequence higher than MAT 1033C will save time, money, and elective space; prepare and test for proper math level placement
- Additional UCF requirements offered at Valencia: EDF 2130[^]. UCF admissions requirement specific to the program: Minimum 2.5 overall GPA and at least a “C” or better in EDF 2005. It is highly recommended to pass all four parts of the General Knowledge Test before transfer.
- To skip CHM 1025c, a minimum grade of C in either CHM 1025C or one year of high school chemistry; and MAC 1105 or honor's high school Algebra II with a minimum grade of C is required to enroll into CHM 1045c.
- Refer to Education Majors Advising Guide for a pathway-specific student checklist valenciacollege.edu/education-guide
- Due to the order of prerequisite courses you need to take, not all semesters of this plan will qualify you for full-time enrollment

Financial Aid Notice

Federal financial aid assists with funding for up to 60 eligible credits of your AA degree (36 credits of general education and 24 credits of electives). If your pathway exceeds 60 credits (e.g. transfer courses, prerequisites, or other course work not included in this plan), you may need to plan for alternative methods of payments, which may include out-of-pocket payments. See a Coach to discuss your options.
