A MESSAGE FROM THE OFFICE OF ALUMNI RELATIONS

VALENCIA COLLEGE

May 8, 2021

Dear Valencia College Graduate:

On behalf of all Valencia College alumni, we would like to extend our enthusiastic congratulations to you on your graduation. This impressive achievement was, no doubt, a journey of hard work and sacrifice. We are incredibly proud of you and applaud your accomplishment! You should be excited to have earned a degree from Valencia College, a college consistently ranked as one of THE BEST colleges in the United States!

While this may conclude your coursework here, remember that life at Valencia College does not end when you graduate; it continues, grows and thrives. You have joined a network of more than 200,000 alumni who are thought leaders, innovators and creators striving to better our community. Wherever you go, wherever you end up, Valencia College is where it began.

The Office of Alumni Relations enriches the college's impact by serving as a gateway for alumni of all identities, backgrounds and experiences across the globe and in our neighborhood to stay connected to their alma mater. Whether it is through the Valencia College Alumni Network, our online community for networking and mentoring, or our webinars and events, we are here to support you. We hope that you will utilize these resources for life!

We are so very excited to be able to count you among our alumni family. Congratulations to you and all the members of the Class of 2020 – 2021 who are celebrating their graduation today! Please stay in touch and let us know about your accomplishments as you make your mark in the world.

Welcome to life as Valencia College alumni; we wish you the very best in the next chapter of your life!

Forever a Valencian!

Erin M. Ohlsen
Director, Alumni Engagement and Annual Giving
Valencia College Foundation

VALENCIA COLLEGE ALUMNI RELATIONS
MARY S. COLLIER
DISTINGUISHED GRADUATE AWARD*

Samantha Tanner

2020 – 2021 DISTINGUISHED GRADUATE

For Samantha Tanner, who completed her coursework at Valencia College in December 2020 and has already begun her studies in psychology at UCF, it's been a long journey to earning her associate's degree. She started at Valencia College in 2011, right after graduating from Osceola High School, but dropped out before completing her first semester.

"I was working full time and juggling a lot of personal issues," she says. At the time, Samantha knew she needed to take a break from college and grow up. But she was determined to return to college when she was ready.

In the meantime, she got married, began working full-time in the insurance industry, and in 2015, had her first child, Luke. So when her husband, James, completed his tour of duty with the Marine Corps in 2016, Samantha knew it was time for her to pick up where she'd left off—at Valencia College.

She took most of her classes online, juggling motherhood and her job and her studies. But she pushed herself to do her best. "When I went back to college, I worked hard," she recalls. "I knew I had to give it a shot."

One semester turned out to be particularly challenging. In the summer of 2018, Samantha was pregnant with her second baby, Levi, and had three online math tests due two days after she gave birth. "I got up that day and did my three tests while I was breastfeeding," she says. "I hadn't been procrastinating. That kind of defined who I was and how I took my classes. It was my new normal."

Like many parents who return to college, Samantha has juggled the needs of her family with her studies. For instance, when her husband, James, decided to rejoin the military in 2019, the family moved from the Kissimmee area to Fort Hood, Texas. Samantha continued taking her classes online, managing the kids and a new job and a move across the country.

"I have to dedicate eight hours a day to my job and I have my kids and I need to dedicate as much time as I can when they're awake. When they go to sleep, that's when I get all of my school work done," she says. But she notes that her husband is supportive—and amazed at how driven she is.

The greatest blessing, she says, has been realizing that it's okay to follow one's own path—and timeline.

"I have a vast support system. People advised me to take my time. Just because I'm 28 years old doesn't mean that I have to have my master's degree already. That's ok, I can work toward it slowly," she says. "You cannot live someone else's life."

And, as someone who has struggled with depression—and watched many family and friends struggle with mental health—Tanner's goal is to become a clinical psychologist and focus on men's mental health.

"There's a lot of men and women in my life who have suffered from mental health issues," she says. "I've suffered from depression and anxiety for as long as I can remember. When you're in that kind of a hole, you feel like you're all alone. There's such a stigma on men's mental health; society makes you look weak for wanting help. I would really like to make a difference in the men's mental health field."

**In January 2012, the Alumni Association named this award in honor of Mary Smedley Collier, the college's first Distinguished Graduate, former Alumni Association president, and a longtime Valencia College advocate and benefactor.*

VALENCIA COLLEGE DISTRICT BOARD OF TRUSTEES

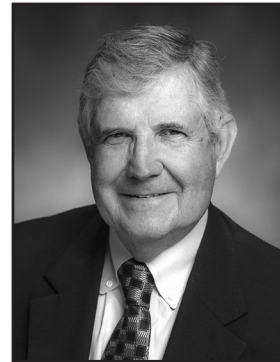

Members of the Board of Trustees are appointed by the governor of Florida to direct the college's policies. These community leaders extend their time, experience and dedication to make Valencia College the successful learning institution it has become today. We recognize their good work in making this day possible for so many of our students.

VALENCIA COLLEGE

Valencia College is an innovative leader in higher education with a national reputation for teaching excellence. The college places the highest value on the success of each individual student. In an ongoing effort to be responsive to the community, we build relationships with high schools, universities and corporate partners to strengthen academic scholarship and economic development.

Valencia College is truly a part of the community, meeting diverse educational needs at eight locations, and dozens of business and community sites in Orange and Osceola counties. Our Poinciana Campus opened in 2017 and our newest campus, Downtown opened in August 2019.

From its beginning in 1967, the college has met the ongoing challenge of keeping pace with the dynamic growth of the community and has continued, in an ever-changing environment, to fulfill its mission. As an educational leader, the college provides an “open-door” comprehensive postsecondary education.

The college fulfills its mission by offering degrees that provide for transfer to a university or for immediate entry into a career. We also offer continuing professional education to thousands of residents who recognize the value of lifelong learning.

The faculty and staff who bring these educational experiences to Central Floridians are scholars as well as practical experts in their fields. They are caring people who put their energies into instruction and their emphasis on the success of individual students.

Ninety-three to ninety-seven percent of Valencia College Associate in Science degree graduates are placed in jobs in their chosen field. Valencia College graduates are UCF’s number one source of transfer students, and make up one-quarter of their graduates.

In 2011, Valencia College was named the inaugural winner of the Aspen Prize as the top community college in the nation for 2011-2012. The Aspen Institute, a Washington educational and policy studies center, selected the college for this prestigious award based on an overall graduation rate nearly three times that of other colleges, as well as the high job placement rates of its workforce training programs. According to U.S. Department of Education data, Valencia College ranks fourth among the nation’s 1,200 two-year colleges in the number of associate degrees awarded, fifth in the number awarded to Hispanics and seventh in the number awarded to African Americans. A 2012 study found that Valencia College boosts the economy of Orange and Osceola counties by \$1.05 billion a year.

DEGREES AT VALENCIA COLLEGE

Students at Valencia College can earn an Associate in Arts (A.A.) degree which enables them to transfer to bachelor’s degree-granting colleges and universities in almost any major field of study. The college’s LifeMap system provides information, online planning tools, and personal assistance to help students select the appropriate courses so that their credits will transfer, tailored to the prerequisites for their intended major, and ensuring a smooth transition to a four-year college or university.

For those interested in a more direct path to the workplace, we offer Associate in Science (A.S.) degrees and certificate programs which prepare graduates for immediate employment. Over 100 A.S. degree and certificate programs are available in business, health care, public service, graphic design, digital media, entertainment technology, engineering technology, hospitality and culinary, information technology and veterinary technology.

The college, assisted by its program advisory committees, continually monitors the area’s workforce needs, developing and modifying programs to keep in step with local demand.

An asterisk (*) denotes students who, at the time of printing, had earned a cumulative grade point average of 3.75 or higher, not including the current term.

Valencia College began offering bachelor’s degree programs starting in the fall 2011 term. Students on a specific career track can transfer into programs that lead to a Bachelor of Science in Cardiopulmonary Sciences, Electrical and Computer Engineering Technology, Nursing, and Radiologic and Imaging Sciences. Bachelor of Applied Sciences in Business and Organizational Leadership, Computing Technology and Software Development.

SENEFF HONORS COLLEGE

The Valencia Honors Program was established in 1988 to provide unique learning opportunities to students from diverse backgrounds. During its history, the Valencia Honors Program has become known as one of the exemplary two-year programs in the nation. In June 2008, the CNL Charitable Foundation and the Valencia College Foundation established an endowment fund to support educational opportunities at the college; in fall 2012, the Valencia Honors Program was renamed the Seneff Honors College.

The vision of the Honors College is to discover potential in students and inspire excellence. Admission of candidates into the Seneff Honors College is a consideration of a student's potential beyond simply a test score or grade point average. All highly motivated students who desire to make the most of their Valencia College experience are encouraged to apply. The honors curriculum is structured to provide purpose, meaning and engagement for students and faculty in the Seneff community and beyond. Students may choose one of four tracks for their honors study: interdisciplinary studies, leadership, undergraduate research or global studies.

Honors classes at Valencia College emphasize individual, original, and creative learning opportunities both inside and outside

of the traditional classroom. Students have the chance to study abroad, engage in community service, participate in cutting-edge research, travel to professional conferences and assume leadership roles. Most students in the Seneff Honors College receive full tuition scholarships while at the college, and many receive transfer scholarships when they graduate. Honors students are ensured a voice in the governance and direction of the program through the Honors Student Advisory Committee. The program is guided by an advisory board consisting of college faculty, administrators and students.

A student who completes one of the four tracks (a minimum of 23 hours of honors coursework plus co-curricular activities) with a 3.5 grade point average graduates as a Seneff Honors College Scholar, and will wear a blue stole and medallion during commencement. A student who completes 18 hours of honors coursework plus co-curricular activities with a 3.33 grade point average graduates as a Valencia College Honors Scholar and wears a blue stole and honor cord. And a student who completes 12 hours of honors coursework with a 3.25 grade point average is awarded an Honors Certificate and wears a blue stole.

Connect, learn and grow with the Valencia College Alumni Network.

Whether you are starting your next degree, exploring new career opportunities, assessing your current career or looking to make a change, the Office of Alumni Relations wants to help you succeed.

We offer various resources like our online networking and mentoring community, continuing education webinars and career-focused events. No matter your career stage, we want to help you approach it with the confidence, pride and passion that Valencia College alumni are known for.

The Valencia College Alumni Network helps you tap into the power of your fellow alumni. Here are just some of the resources you gain access to once you activate your free account at www.vcalumninetwork.org:

- Connection to 200,000 fellow alumni
- Mentoring and networking opportunities
- Access to exclusive webinars and events
- A job board for both job seekers and employers
- The ability to list your small business in the alumni business directory

We know this next step might seem a bit scary, but you are not setting out alone. The Valencia College Alumni Network is ready to help. Please keep in touch and share your ideas so we can better serve you.

We look forward to celebrating your accomplishments as you make your mark on the world.

Forever a Valencian!
Your Alumni Relations Team

Questions? Don't be shy—you can always reach your alumni relations team at alumni@valenciacollege.edu. Stay in the know about all things Valencia College alumni by following our social media channels:

VALENCIA COLLEGE

A member of the Florida College System.

Valencia College is an equal opportunity institution. We provide equal opportunity for employment and educational services to all individuals as it relates to admission to the college or to programs, any aid, benefit, or service to students or wages and other terms, conditions or privileges of employment, without regard to race, ethnicity, color, national origin, age, religion, disability, marital status, sex/gender, sexual orientation, genetic information, gender identity, pregnancy, and any other factor prohibited under applicable federal, state, and local civil rights laws, rules and regulations.
