&
INDUSTRY CERTIFICATION**

AWARD OF CREDIT MANUAL

STATE & LOCAL ARTICULATION AGREEMENTS & INDUSTRY CERTIFICATION

The following agreements are currently in effect. The articulation agreements will be updated to reflect the change in the college name from Valencia Community College to Valencia College.

The criteria for these agreements are based on standards of good practice in accordance with the Commission on Colleges, Southern Association of Colleges and Schools, policies approved by the District Board of Trustees, and learning-centered practices and principles.

The Valencia College Catalog defines college criteria regarding the award of credit and course substitutions/waivers. Learning-centered principles that guide the implementation of procedures for awarding credit are as follows:

- Ensure consistency college-wide in the implantation of procedures
- Ensure prompt and quick response to students
- Make the process reasonably transparent to both student and staff
- Maintain academic standards
- Minimize the workload of those who are responsible for evaluating transfer coursework

The credit is awarded based on Industry Certification and or Licensure as document in the individual agreements.
