

# Thesis Generator

Start

Topic

- What is your Topic?
- Your thesis statement should be your topic main idea and/or an arguable opinion.
- Example:

Claim

- What is your claim?
- Be specific on your subject! Exactly who? When? How many? Which ones? Where?
- Example:

Rationale

- Give an answer to your question or back up your opinion
- Use debatable phrases such as *does, should, highlights, ignores...*
- Example:

★  
Opposing  
Argument

- **You do not always need an opposing argument**
- Acknowledge an argument that goes against your thesis.
- Let the reader know that there are other arguments on the topic but your stand is the right one.
- Example:

Blueprint

- What is your plan for the essay?
- Signal your intentions for the entire essay to support your thesis statement.
- Example:

End

Your Thesis statement would be:
