Evaluation of the Model

What we learned and committed to from the 2023 evaluation

While discussing, document any measures to repeat in the next evaluation.

Take note of the commitments to improvement and how those can be measured.

How will we measure the outcomes of the model for the 2024 evaluation?

How will we measure “Stakeholders are engaged in a reflective process related to professional practice and student learning outcomes”?

How will we measure “Pedagogical, curricular, and co-curricular changes are made in response to and in alignment with assessment results”?
